BEGIN DEBATE ON FOOD CONTROL BILL

Determined Opposition Is Disclosed By Group of Senators

WILL PROLONG DEBATE

Law May Not Be Enacted in Time to Set Up Food Administration Before Harvest

HOOVER TO APPEAR

WASHINGTON June 18.—Opening of debate today in both branches of congress on the second administration food bill—for governmental control of foodstuffs and their necessaries—disclosed determined opposition particularly by a group of senators which threatened to prevent its enactment by July 1 as urgently requested by President Wilson. Passage of the bill by the house late this week is expected by administration leaders. But advocates as well as opponents in the senate say debate will be protracted there for several weeks and unless the president adopts some extraordinary steps to hasten action, the law hardly can be enacted in time to set up the food administration before harvesting begins. In an effort to allay senate opposition it was arranged to have Herbert C. Hoover, chosen by the president to be food administrator appear at a public meeting of the agriculture committee tomorrow before the senate convenes and explain the legislation. An invitation to all senators to attend and question Mr. Hoover was extended.

Question Constitutionality.

In the discussion of the bill administration spokesmen urged that mobilizaton of America's food power in the war, demanded radical steps and vesting of new and wide powers in the president. The opposition protested that a dictatorship and interference with business and individual rights were proposed and questioned the constitutionality of the legislation.

Each house made the measure pending business with the purpose of keeping the legislation continuously under discussion util disposed of, excludig virtually all other business. The house held the first of a series of night sessions to expedite the debate and night sessions may be resorted to later in the senate.

There was scant attendance of members in either branch, about 75 to 100 staying in the house and an average of less than thirty in the senate.

Chamberlain Urges Bill.

Senator Chamberlain of Oregan, chosen to have charge of the bill in the senate, urged it as a war necessity saying governmental control of food was as essential as men and munitions. Senator Sheppard of Texas, Democrat, and Senator Kenyon of Iowa, Republican, also spoke in behalf of the bill. In the house Chairman Lever of the house agriculture committee also emphasized the necessity of the legislation. He said the president could be trusted with the powers proposed and that they would be invoked against the crooks and not against legitimate business interests.

Opposition in the senate was voiced by Senators Gore, chairman of the agricultural committee; Reed and Vardaman, Democrats, and Gallinger Republican.

In the house opposition was led by Representatives Haugen, Iowa, Republican, and Young of Texas, Democrat. Each declared the legislation is unnecessary and unwise and aimed almost solely at the rural producers.

Complain of Alleged Delay.

Opposition senators complained over alleged delay of the house in the passing the first administration food bill designed to stimulate production and also prevent hoarding and speculation. They said the production bill and the Sherman anti-trust laws would be ample to cope with speculators.

Senator Chamberlain told the senate he had been informed that there had been an increase of more than fifty percent in the price of certain staple articles.

"I don't know if anybody knows the cause for this increase," he said. "But one thing in the countries where there has been a tendency for the food prices to increase legislation along the lines of this bill has tended to hold prices down. The purposes of this bill is to vest somewhere regulation of the food prices."

Senator Reed asked if bread lines in New York had not been instigated by German agents.

"I don'tlike to say," replied the Oregan senator, "but I think that agents of some foreign countries have been at work in an effort to limit the hand of this government."

Says Waste Should Stop.

Senator Stone said the waste in food by hotels and elsewhere by individuals should be stopped.

BEGIN TASK OF RAISING RED CROSS WAR FUND

Telegrams Tell of Generous Donations in Many Sections

Campaign Committees of Many Cities Wire They Already Have Raised the Sum Tentatively Allotted to Them or had Exceeded the Amount

Washington, June 18.—America today turned to the task of raising $100,000,000 for the Red Cross in an eight day campaign starting before the financial outpourings for the two billion dollar liberty loan and its oversubscription have been tabulated.

With the campaign only one day old, telegrams pouring into the office of the Red Cross War Council tonight told of generous donations in almost every section. Campaign committees of many cities wired they already had raised the sum tentatively allotted them, or had exceeded the amount but were planning an active canvess until the campaign closes next Monday at midnight. Hundreds of public meetings were held today and tonight with some of the country's foremost men among the speakers.

Arrange Parades

Military or civic parades were arranged to aid in collecting funds, which will be used both for American soldiers and sailors and for relief work in war stricken districts of Europe. A few corporations withheld dividends until today and paid them with the recommendations that proceeds be donated to the Red Cross. President Wilson telegraphed mayors of 100 cities urging them to devote their energies to help the solicitation work in their communities.

In Washington the compaign opened with a street parade of women and a meeting by Miss Mabel T. Boardman of the Red Cross, Surgeon Generals Braisted of the navy and Gorgas of the army. Mrs. Newton D. Baker, wife of Secretary Baker, sang patriotic songs.

Declare "Red Cross Dividend"

New York, June 18.—A "Red Cross dividend" of one percent was declared today by the American Smelting company. The disbursement will amount to about $600,000.

The International Nickel company also announced a one per cent Red Cross disbursement which is expected to net about $100,000.

Red Cross dividends declared by four corporations, brought the total contributions to the $100,000,000 war fund up to $12,033,913, it was announced today.

Included in this amount is $58,000 received from the Rev. William A. Sunday, who divided between the Red Cross and the Y. M. C. A. the "free will" offering of $116,000 given to him yesterday at the close of an evangelistic campaign in this city.

GERMAN PAPERS PRINT PRESIDENT'S SPEECH

AMSTERDAM, June 18, via London—Under the headings "Wilson without a mask," "Answer of Hypocrite Wilson," "Wilson in delirium," the Berlin and German provincial papers print lengthy summaries of President Wilson s flag day speech and the Norddeutsche Allegemeine Zeitung statement on the president's note to Russia. In many cases the two pronouncements are discussed in conjunction.

The comments on the note to Russia cleary reflect the ardent desire in Germany to make peace with her Eastern foe while they repeat the familiar declarations about the position on all fronts being favorable and about the iron determination to win a victory if the proferred hand is not accepted. As an example the Vossische Zeitung says: "Not only is time working on our side, but also sound human understandings."

STATES REVENUE RAISE EXCEEDS COST INCREASE

SALT LAKE CITY, Utah, June 18.—What was taken as a decisive victory for the people was scored today when H. C. Nutt, general manager of the Salt Lake Route, in the adjourned hearing before the state public utilities commission of the application by all railroads for a fifteen percent increase in freight rates admitted that there had been a greater increase of net revenue to his company than an increase in cost of operation. This admission was significant, it was said, in view of the facts the railroads have contended that increased revenue will not meet the increased cost of operation. It is on this contention that the railroads base their claim for an increase in rates.

DANIELS ANSWERS MRS. CATT'S QUERY

WASHINGTON, June 18.—Secretary Daniels, who with several other department heads announced recently that during the war women would be given preference in filling clerical jobs, wrote today in response to a query from Mrs. Carrie Chapman Catt, president of the National American Woman Suffrage association:

"There is no intention on part of this department to discriminate women employes. All positions in the department are graded and the same rate of pay applies to each position, regardless of the sex of the incumbent."

PORTUGUESE RECEIVE BAPTISM OF FIRE

Paris, June 18—The Portuguese forces on the western front have been initiated into the art of modern warfare by progressive stages, have now received their baptism of fire. The Matin says they are perfectly organized and have proved their worth in exemplary fashion.

CHARGE M'MULLIN AND WEAVER WITH ASSAULT

BOSTON, June 18.—Warrants charging assault upon Augustine McNally of Norwood, a spectator at the game between Chicago and Boston Americans last Saturday were served upon George Weaver and Fred McMullin of the Chicago club today. The players were ordered to appear in court tomorrow, but it is understood that counsel arranged for their appearance during the team's next trip here.

McNally claims he was struck by the two players during an intermission caused by the rain.

RUSS MISSION TO REACH WASHINGTON TODAY

Ranking Officials of State Department To Meet Envoys

Every Effort to be Made to Have Welcome Reflect America's Deep Sympathy and Confidence for the Struggling Government at Petrograd.

Washington, June 18.—Russia's war mission whose coming is awaited with more than ordinary interest because of the internal situation facing the new Russian democracy will reach Washington at noon tomorrow to discuss co-operation in the war with American officials.

Ranking officials of the state department will meet the envoys at the railroad station and accompanied by a cavalry guard will escort them to their headquarters. Every effore will be made to have the welcome reflect the American nation's deep sympathy and confidence for the struggling government at Petrograd.

The mission, it is understood, will have full powers of negotiation and will serve as a Russian counterpart to the American mission now in Petrograd under the leadership of Elihu Root. Since its departure about five weeks ago from the Russian capitan it has kept fully in touch with the situation by cable and wireless and is fully enough informed to discuss the situation in detail.

Russia needs above all negotiation munitions, supplies and railroad materials. The Root commission, together with the Stevens' railroad commission now in Russia, will undoubtedly offer many suggestions along these lines, and the Russian mission here will suggest others from its experience in this country.

Soon after the arrival tomorrow the mission will begin its task here by paying its respects officially to Secretary Lansing and President Wilson..

CHICAGO ENTERTAINS ITALIAN MISSION

Luncheon at Stock Yards Follows Drive Over City—Formal Dinner at Night Concludes Entertainment

Chicago, June 18.—One of the most enthusiastic receptions which the diplomats composing the Italian commission to the United States have received in their tour of the middle west was given by the Heterogeneous population of the district to which more than any other the world looks for its supply of meat in the present food shortage. The distinguished visitors in their turn repaid the compliment in brief speeches after a luncheon at the Saddle and Sirloin club.

Reference to the food situation was made by Arthur Meeker, of Armour & Co., in endorsing the Lever Bill now in congress. He assured the visitors that the problem of transportation settled, the United States would be able to supply them all the food they may need.

Luncheon at the stock yards followed a drive over the city, during which the commission stopped at the Statue of Lincoln in Lincoln park and paid tribute to the emancipator in placing a wreath on the monument. A formal dinner tonight concluded the entertainment of the visitors before their departure for Pittsburgh, Pennsylvania.

REPORT ATTEMPTS TO EVADE PROFITS TAX

WASHINGTON, June 18.—Widespread attempts on the part of manotion makers to evade the payment of profit taxes imposed by congress last September have been reported by internal revenue agents who have been working quietly for the last two months checking up the returns of the 600 or 700 manufacture . The extent of the attempted evasion thus far brought to the attention of the treasury totals more than $19,000,000 or approximately 40 percent of the returns voluntarily made. Indications are that the figure will go as high as $12,000,000 or $13,000,000. The penalty for making false returns is fine or imprisonment or both.

GOV. LOWDEN TAKES BREATHING SPELL

Springfield, Ill., June 18.—Governor Lowden took advantage of a breathing spell today before plunging into the work of signing or rejecting the 300 odd bills which the general assembly left for his action.

Attorney General Brundage was prepared tonight to toil until late in study of the legal aspects of bills sent to him by Speaker Shanahan and Lieutenant Governor Oglesby, who spent the afternoon affixing their signatures to the measures.

MACHINISTS GO ON STRIKE

Schnectady, N. Y., June 18—Two thousand machinists at the plant of the General Electric company struck today as a protest against the employment of a negro. Last week Robert Dixon, a colored student at Union college was given vacation work in the machine shop,

SECURE LOW PRICE ON STEEL FOR SHIPS

Government Obtains Tentative Price of $56 a Ton for Fleet

PREVIOUS PRICE $95

Quotation To Stand Until Final Figure is Set By Wilson or His Agents

AWARD CONTRACTS

WASHINGTON, June 18—A tentative price of $56 a ton was obtained by the government today on steel for the great fleet of merchant ships to be built by the shipping board's emergency fleet corporation. Previous contracts, let before congress gave the president power to commandeer supplies, called for steel at $95.

Denman Signs Contracts

Today's contracts went to the Downey Construction company of New York for ten vessels and were signed by Chairman Denman of the shipping board after he had refused to approve them when they first came to him, from Major General Goethals, general manager of the fleet corporation, naming a price of $95.

The price of $56 will stand, Mr. Denman announced until a final figure is set by the president or by some agency he may designate.

"Since the government now has the power to force a lower price," he said, "I could not go on approving contracts at $95. If the price of $56 is raised finally the steel plants will be refunded; if it is lowered the government will benefit by the reduction."

A base price of $95 was agreed on between General Goethals and the steel plants some weeks ago. It was to stand until a final price was arranged but Chairman Denman said today he did not care to set a precedent that would embarass the board when final negotiations for a price basis were begun. The navy is obtaining steel at about $65.

The country's steel plants, it was said today, accepted the price of $56 on condition that its acceptance would not determine the final price to be paid.

The steel men, it is said, estimate the cost of production at around $45 but they have been able to sell all the plates they could produce at from $95 to $125.

The commercial demand however, will cease with the government's requisitioning of ships building and ship yard facilities.

Committee Making Estimates

The committee on raw supplies of the council of national defense is making estimates for the fleet corporation now on steel prices. Mr. Goethals has said that he is ready to leave the whole matter of prices to the committee but Mr. Denman said the committee would not fix prices altho it would advise.

Talk of differences between Mr Denman and General Goethals over the shipbuilding program were revived here today with Mr. Denman's forcing down the price of steel. In voting a $500,000,000 appropriation for shipbuilding congress authorized the president to exercise powers granted in the act thry any agency he might designate.

Mr. Denman and General Goethals, it is said, are each anxious that the other should not be designated to carry out the act's provisions. General Goethals, it is understood feels that he cannot accomplish half as much as he might if hampered by the shipping board with powers to direct his efforts. Mr. Denman it is said believes the shipping board should be given full powers. As president of the emergency fleet corporation Mr. Denman signs all contracts made by General Goethals and there is a question of how that would be arranged if General Goethals were given absolute powers.

Denman Sees President

Mr. Denman saw President Wilson today but afterward he said that only questions dealing with the international shipping situation were discussed. General Goethals is to see the president later in the week. Mr. Denman said the shipbuilding plan would be hurried in every manner possible.

"Take all the steel ships we can build, he said, "and double their number, then add the 1,000 wooden vessels somebody dreamed about and we cannot keep pace with German submarine sinkings if they continue at the rate they were going in April or even at last weeks rate. The situation is so bad the imagination wont keep pace with it as far as only a few months ahead."

Commendation of the course of Chairman Denman of the shipping board in refusing to sign contracts for steel at $95 was voiced in the senate today by Senator King of Utah after Senator Vardaman had spoken, warning the steel mills that they might be commandeered should they try to extort from the government.

DEFER TAKING ACTION ON APPLICATION

NEW YORK, June 18.—At a special meeting of the executive committee of the United States Golf association held here today, Francis Ouiment, former National amateur and open golf champion, and J. H. Sullivan,Jr., members of the Woodland Golf club, Auburndale, Mass., appeared and applied for re-instatement as eligible amateurs. Owing to the unavoidable absence of three members of the committee, it was decided to defer taking any action on the applications until all the members could be brought together.

GERMAN PROPAGANDA ENTERS TRAINING CAMP

Regular Army Officers at Fort Sheridan Voice Belief

Order Every Effort Made to Find Source of "Baseless Report" Concerning Risks Taken by Men in Going to Europe in Fight for Liberty.

Fort Sheridan, Ill., June 18.—German propaganda has entered the officers' reserve corps training camp here in the opinion of officers of the regular army who are acting as instructors, and orders were given today that every effort should be made to find the source of "baseless reports" concerning the risks taken by men in going to Europe in the fight for liberty.

"There has been a systematic determined effort," said Major H. L. Cavanaugh, "to spread a baseless report that the average life of the man in the trenches is three days. That has been preached to members of this camp."

"Do you mean," he was asked, that this emanates from a German source?"

"I haven't the slightest doubt of it," he replied.

Lieut. Col. James A. Ryan also emphatically expressed a belief that if the propagandist could be found a German connection would be discovered.

Until those responsible for the reports are discovered the officers in charge of the camp will fight with ridicule whatever effect the reports might have. Company commanders were told, at a meeting of officers at which the report was discussed, to show the propoganda to be foolish by giving the student officers facts concerning trench warfare.

INDICT COCCHI FOR GIRL'S MURDER

Efforts Will be Made to Bring Italian Back to This Country to Answer Charge.

New York, June 18.—Efforts to expedite justice in the case of 18 year old Ruth Cruger, murdered high school student, progressed rapidly today after Aldredo Cocchi had been indicted for the crime by a grand jury. The body was found on Saturday buried in the cellar of Cocchi't bicycle repair shop. Two days after Miss Cruger's disappearance, Cocchi fled to Italy where he is nowunder surveillance.

An extradition warrant charging Cocchi with the birl's murder was forwarded to Governor Whitman late today. District Attorney Swann announced tonight that he will go to Washington and ask the state department to urge the Italian government to change its fixed policy of refusing o extradite its subjects accused of crime who have sought refuge in Italy. He said he also would ask the members of the Italian commission now visiting the country to aid in arranging the extradition of Cocchi.

Mrs. Marie Cocchi, wife of the alleged murdered is held on bail as witness. She issued a statement thru her lawyer asserting that she still believes her husband is innocent. Mrs. Cocchi's two little girls, eight and two years old, were taken in charge tonight by the children's society.

LIBERTY LOAN TOTAL STILL UNDETERMINED

WASHINGTON June 18—The full extent of the nation's response to the liberty loan was still in the realm of conjecture tonight altho indications were that the estimate of $2,800,000,000 would be substantially correct.

Only four districts—Philadelphia, Cleveland, Chicago, and St. Louis—had reported official tabulations to the treasury and these were not disclosed. Atlanta's final compilation, completed Saturday had not been officially reported. The four reports received gave totals subject to minor revision and almost identical with previously announced figures.

From other districts reports were received stating that the work of making tabulations was still in progress. A force of clerks at the treasury was engaged also in tabulating the subscriptions sent direct to Washington. These subscriptions will be distributed among the respective banks, raising the totals in each case.

OBREGON WILL GO TO NEW YORK SOON

EL PASO, Texas, June 18—General Alvaro Obregon, former minister of war will go to New York soon to have an operation performed on the stump of his right arm which was blown off during the battle of Celaya when General Obregon's forces defeated the command of Francisco Villa. This was announced tonight by Andres Garcia, inspector general of Mexican consulates who will accompany General Obregon to New York. The former war minister now is resting at his home in the state of Sonora.

CAMPS MAY NOT BE READY BY SEPTEMBER 1

Work on Cantonments Will Go Forward As Fast As Possible

Such Units As Can Be Accommodated May Be Summoned in Advance of Others in Event All Sites are Not Completed—Unexpected Difficulties Surround Task.

Washington, June 18.—Simultaneous construction of 16 war army cantonments, each to house 40,000 troops, has proved an enormous task that officials do not now believe it can be completed in time to permit mobilization of the first full quota of 650,000 by September 1.

Whether any of the men selected under the draft will be called out until the government is ready to begin training of the entire first quota has not been revealed. It is believed, however, that even if all the cantonments are not complete by the beginning of September, the date generally suggested for the mobilization, such units as can be accommodated may be summoned in advance of the others.

Work on the cantonments will go forward as rapidly as possible and war department officials are hopeful that if all have not been completed by Sept. 1, they will be ready soon after that date.

The task has been surrounded with many unexpected difficulties. The department has been under fire from communities which hoped for cantonment sites and has been deluged with correspondence from contractors seeking a share in the work. There have been conflicting opinions as to types of buildings, the present plan for two story buildings to house together the 180 men of each infantry company having met with objection from the medical section of the defense advisory council, on the ground that not enough air space would be allowed. Whatever may be the final decision on such problems the preliminary work will be the same and army orders today show additional officers assigned to the construction work. Surveys already have been run on some of the sites and tentative arrangements for water, light, sewer and railway connections worked out with local authorities.

U-BOAT TOLL OF BRITISH VESSELS

Official Figures Show 457 Ships Sunk Since February 17

Washington, June 18—The German submarine toll of British merchant shipping since February 17, as shown in official British figures compiled here today, is 322, vessels of more than 1600 tons and 135 of less than 160. British steam fishing vessels sunk in that period numbered 78. Records for sailing fishing vessels are incomplete but a three weeks total was 78.

Submarines in the period given attacked 299 ships unsuccessfully and the weekly percentage of unsuccessful attacks has ranged from 51 to 75. During the last week given—the seven days ending with June 9, it was 58.

Arrivals and sailings in British ports since the intensive submarine campaign began have averaged 2500 but these include channel sailings.

The British figures do not give the tonnage of vessels sunk but officials here say that 5,000 tons probably would be a fair average for vessels of more than 1600 tons destroyed.

Computing the total at that average and putting the average of the smaller ships at 1,000 tons the total loss during slightly less than four months submarine warfare would reach 1,745,000 tons or about 250,000 tons less than the entire world's shipping output during 1916.

BRUNDAGE PREPARES TO ATTEND AEARING

SPRINGFIELD, Ill., June 18. — Attorney General Edward J. Brundage will go to Chicago tomorrow to be present in person when attorneys for Illinois railroads appear before Judge Foell in the superior court to show cause why officials of the roads should not be cited for contempt of an order against increasing passenger rates in this state beyond the legal two cents a mile fare. The hearing, he stated, would be on Wednesday. No attempt will be made at present to bring proceedings against railroads in counties where the two cent fare law has been violated, Mr. Brundage said. "It is not my intention to bring about the arrest of railroad ticket agents," stated the attorney general. "It is the officials who are responsible who are to get attention."

The contempt proceedings in Chicago will affect twenty-five railroads.

MUNITIONS DEPOTS EXPLODE

Vienna, June 18, via London—It is officially announced that an explosion has occured in the military munitions depots at the Steinfield near Wiener-Neustadt, 31 miles from Vienna. The statement says that three of the depots have been destroyed thus far and that 100 persons are reported to have been injured.

Unofficial reports say six persons were killed and 300 wounded in the Steinfeld explosion. Great damage was done in Haschendorf and Sigerdorf.

RE-CAPTURE WHITE

Chicago, June 18—Tully D. White a wealthy citizen of Rock Island, Ill., who yesterday escaped after police had taken him into custody pending examination as to his sanity, was recaptured today when he returned to his room at a hotel.

Detectives were awaiting him.

ALLIES PREPARE TO RE-TAKE SERBIA

Massing of Entente Troops in Thessaly Seemingly an Indication

GREEKS MORE FRIENDLY

No Impediment is Being Placed in the Way of Troops Landed in Thessaly

BRITISH WITHDRAW

The massing of Entente troops in Thessaly, south of the center of the line now held by General Sarrail's forces, taken in connection with the withdrawal of British forces on the extreme eastern wing along the lower reaches of the Struma river, seemingly is an indication that big events are in the making in the Macedonian theater, in an attempt to re-take Serbia, or at least that portion of it as far as Nish, thru which runs the famous Berlin-Constantinople railway.

Would Prove Easier Ground.

Along the Vardar and Morava river valleys northward thru Serbia undoubtedly would prove easier ground over which to operate than northward along the Struma and thru western Bulgaria to the junction of the railway at Sofia. No impediment is being placed in the way of the troops that have been landed in Thessaly and with the departure of former King Constantine from the country the people are declared to have become more friendly to the entente allied cause by placing their adherence in the provisional government of Eliptherios Venzilos.

Altho on eastern wing the British have given up numerous villages which they previously burned, they are holding tightly to the bridge head position on the left bank of the river Struma in the lake Tahinos-Butkovo sector northeast of Saloniki. That the retirement of the British was voluntary is indicated by the Bulgarian official report, dealing with the maneuver, which does not mention any fighting as having taken place. There has however already been some activity on the part of the British in the Vardar-Lake Doirav sector, but Sofia reports that the attempt made by them to advance near Dautli was repulsed.

There has been no fighting anywhere in France or Belgium, except by raiding parties and by the artillery wings of the opposing forces.

Italians Straighten Line

In the Austro-Italian theater the first fighting for more than a week on the Carso plateau, where recently the Italians attempted to break thru toward Triest, is chronicled by Rome. Northwest of Jaminao the Italians in an attack have been able to advance and straighten out their line. In the Trentino zone, Austrian attacks against Italian positions on the Asiago plateau and in the Vodice district were repulsed.

Again Japanese torpedo boat destroyers in the Mediterranean have been in combat with an enemy submarine. According to the Japanese naval attache in London the underwater boat probably was sunk.

As an offset to this however, a Teutonic U-boat in the eastern Mediterranean on June 2, torpedoed and sent to the bottom the British armed transport Cameronian, a vessel of 5,861 tons and formerly a German liner. The captain of the transport and sixty-two other persons are presumed to have met death in the disaster.

GRADUATION DRESS TO BE GIRL'S SHROUD

Davenport, Ia., June 18—Miss Esther Grove's graduation gown will be her shroud. She was to have been one of the leaders in this week's high shcool commencement exercises. She died suddenly Sunday of heart failure, aged 18 years. Miss Grove's father was killed in an accident several months ago and to the shock she sustained at that time and from which she never fully recovever, her death is largely attributed.

BENNY WOODWARD DEAD

Paris, June 18—The Paris Herald says that Benny Woodworth of San Francisco, chief of the first section of the American ambulance field service has been killed and Lincoln Shatkoff of New York City, pilot in the Lafayette squadrilla, dangerously wounded in an airplane accident.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Generally fair Tuesday and Wednesday, cooler Tuesday.

WINCHESTER

Mrs. Fred Warwick and son are here from Girard for a visit with relatives. Mr. Warwick is in Colorado and it is probable that the family will go there to live.

Miss Sarah Metzler has come home from Wichita, Kan., and will spend the summer here. She was accompanied by Mrs. Higgins, who will remain in Winchester for a visit.

Paul Stehman returned home Sunday morning from a two weeks' visit in Hannibal and Quincy. His brother Fred accompanied him home and returned to Quincy the same day.

Judge F. C. Funk and W. C. Cowper left Sunday for Chicago to attend a state meeting of the M. W. A.

Grant Mader has under way a number of extensive improvements on his residence property.

Earl Nelson returned Monday forenoon from a visit in Irving, Ill., and St. Louis. His wife and daughter will remain for a somewhat longer stay.

Excellent work is done by the Winchester Red Cross auxiliary. Monday evening a highly interesting talk was given at the library by Mr. Wiggin of Springfield. Later in the evening Paul & Overton gave to the Red Cross the use of the Lyric and there it was that Mr. Wiggin addressed a larger audience which included a number from out of town. A good sized Bluffs delegation was present at this meeting.

TO CHAUTAUQUA, N. Y.

Miss Grace Nebold, who has been visiting several days with her mother, Mrs. Amelia Nebold, has left for Chautauqua, N. Y., where she enrolled for summer study. Accompanied by a Peoria friend she expects to visit Chicago, Cleveland and Buffalo on her way.

P. A. Sturgis of Franklin was attending to business matters in the city yesterday.

ECONOMY ON DINING CARS.

The D., L. & W. railroad has inaugurated an economy method which will not be half displeasing to the average railroad traveler. In the dining cars of that road the bill of fare will show the prices for regular portions served and in another place the prices which are charged for "war portions," which are about two-thirds regular size. The railroad estimates that if this plan becomes popular the railroads of the country alone can save yearly $6,000,000 of foodstuffs.

Since the patron of the dining car usually has served to him—and pays for—about twice as much as he eats, this economy plan bids fair to become popular. Then if they'll abolish the tips still another saving can be effected for the traveling public.

NEW WORK FOR THE CHURCHES.

Ministers these days frequently preach from the theme "What can the church do in war times?" It is certainly a text on which any minister can find something worth while to say, for certainly the activities and the influence of the churches will steadily increase during coming days. There are those who have gloomily talked of the failing influence of the church and of its inability to measure up to the needs of modern times.

The church now has the opportunity of proving to these doubters that it is in such times that the organization rises to its highest efficiency and accomplishes its greatest good. Scores of practical avenues for church work are now open and, judged by the past, it is only reasonable to assume that the church and the church people will measure up fully to these opportunities.

HOT FIGHT ON FOOD CONTROL.

The food control bill promises the hottest fight of any bit of legislation before the war congress. There are numerous big questions involved and the biggest one of all is national prohibition during war times. With this question looming up in the background it is not any wonder that bitter fight is promised. Numerous political leaders who are by no means classed as dry are firm in their conviction that war time prohibition is proper as an economy measure and that such a law would go a long way toward helping out with food production. The advocates of the war time restriction have a big array of facts to support their argument in addition to the precedent set by practically all of the countries now at wr.

You may be too old for army service, possibly you could not buy a liberty bond, but certainly you can join the Red Cross society. The membership fee is $1 a year.

APPETITE FOR FICTION LESS.

It is said that country wide statistics show that in the past twenty two years the percentage of fiction published has fallen from 20.3 per cent to 8.91 per cent. If these figures were for the past three years only it would be easy to understand that the public was so engrossed with the thrilling story of the world wide war that interest in fiction had slumped, but the figures extend thru a much wider period and so it is difficult to tell just the reason. Possibly we are growing more matter of fact or are developing to a finish the money making mania as some of our foreign critics have charged. At any rate the figures furnish a subject for discussion and no doubt for differences of opinion.

JAPAN AND CHINA.

Japan has manifested its displeasure with the U. S. suggestion about China. This gives another cause for worry to those Americans who have it in their mind that the "yellow peril" is something real. But it is possible to draw some measure of comfort from the fact that England also objects. Japan seems to feel that she has the full lien on China and that her wishes should have been consulted before America's suggestion to the Allies.

And while we are talking about Japan, China and the U. S., there are those Americans who are considerably worried because of the authenticated reports that so large an amount of gold is now being sent to Japan. They can see no other explanation than that the allies, indebted to Japan, have been sending some of the money they have secured from the U. S. to satisfy the Japan indebtedness. The federal government could give a good deal of interesting light on this subject but for reasons of diplomacy or otherwise the information is not forthcoming.

BON'T SQUANDER, BON'T HOARD.

The American Magazine has an article in the current number addressed to people over forty, suggesting ways in which they may help the government in these times of war. One suggestion is that no person with real patriotism will take a vacation trip this year. Other advice is given in a similar vein. This writer takes a view opposite to nearly all prominent financial leaders who have given advice on this same subject. So present day readers are puzzling between demands for economizing and for "expenditures as usual."

Certainly some kind of economy must be practiced by the every day man who is expected to meet the higher cost of living and to make his contributions toward the various other funds. So in considering these questions the Independent points out that economy and spending are not incompatible. Reasonableness and good sense must apply in both, for the Independent says, "Economy means the control of waste and the curbing of extravagance, not parsimony and niggardliness. No business that is worth anything to the country will be hurt by the elimination of wasteful spending on the part of its patrons. But many businesses whose operation and prosperity are of vital concern to the stability and prosperity of the entire people will be seriously harmed by hysterical and apprehensive absenance from personal spending. So here's a motto, "Don't squander, don't hoard."

There is solid good sense in the Independent's summarization of the question.

HOW UNIVERSITY MEN HELP

Writing of the remarkable work done in the war by the British universities, Dr. Herbert A. L. Fisher, British Minister of Education, recalls how this war, in a degree before unknown in history, has been a war of chemists, of engineers, of physicists, of doctors. "The professor and lecturer, the research assistant and the research student," writes Dr. Fisher, "have suddenly become powerful assets to the nation. Whatever university wou may choose to visit, you will find it to be the scene of delicate and recondite investigations, resulting here in a more deadly explosive, there in a stronger army boot, or again, in some improvement to the fast advancing technique of aerial navigation.

Even the teachers of subjects apparently so remote from the practical world as archaeology and ancient history, find their new and proper spheres of activity. A lecturer in Hellenistic Greek is sent out to Saloniki to interpret for the British forces; an ancient historian is impounded by the War Office for his singular knowledge of the geography of Asia Minor; former scholars in the British School at Athens become suddenly involved by reason of their peculiar knowledge of the Levant; philosophers and poets leave the quiet groves of Academe to blockade Germany or to shepherd mutual trade from the busy center of a Government office in Whitehall."

The full story of the "bit" contributed by the university world of Britain will doubtless never be told, but some effort is being made to obtain at least some record of it, and in each university a distinguished member has been delegated to give some account of its activities in the war. A volume of these contributions, describing the work of the more notable universities down to the end of last year, has already appeared. Will not America follow suit, and collect a record of what her colleges and universities are doing for the great cause?

Rippling Rhymes
By WALT MASON

Official Folly

I saw a young man shedding tears, a youth whom I admire. He beat his breast and pulled his ears in agony and ire. "What ho, fair youth" I gayly said, "why all this stream of brine? The clouds may gather overhead, but soon the sun will shine." "I want to fight the foe," said he; "I've striven to enlist, but from our army, brave and free, it seems I will be missed. Now, I can whip my weight in cats, as all the village knows, and I would like to break the slats of many Prussian foes. You see me sound in limb and wind, and yet they turn me down, though in athletics I have skinned the young men of the town. Oh, not for me," went on the youth, "the battle's roar and hum; I'll not do because, forsooth, my teeth are on the bum. Why should my molars lay me low, and push me off the map? I do not wish to bite the foe, or chew him in the scrap." I see good men rejected thus, their brave hearts badly galled; they may not pack the blunderbus because they're partly bald. Because they walk with pigeon tread, they can't defend the right; because their whiskers are too red, they're not allowed to fight. I think that any warlike chap who's fit to pack a gun should be admitted to the scrap, e'en tho he weighs a ton.

THIS DATE IN HISTORY

June 19, 1844—Whig mass convention held at Peoria, Illinois. Archibald Williams of Adams county was elected president. Vice presidents from every county represented in the convention and a number of secretaries were elected. Eloquent and stirring speeches were made by Dr. McDowell and Mr. Wright of St. Louis, and Messrs. Baker, Lincoln, Morrison, Henderson, Kilpatrick, Sweet, Bond and other distinguished gentlemen.

L. L. Jackson with his wife, mother and children arrived in the city at noon yesterday having left their home in Kansas City Sunday morning and being obliged to go out of their way considerably to get across rivers. They were in a Ford car and were enroute to Decatur.

MISS STACY'S FUNERAL HELD MONDAY

Large Company of Friends Attended Services Conducted by Rev. W. W. Theobald at Family Home

Funeral services for Miss Joanna Stacy were held Monday afternoon at 2:30 o'clock at the family home, 1106 South Clay avenue. The many friends who gathered for this last tribute gave silent testimony to the high place accorded her in the hearts of all. The Rev. W. W. Theobald, pastor of Brooklyn M. E. church, was in charge and the Rev. F. B. Madden, of Grace M. E. church assisted in the conduct of the service. Mr. Madden was pastor of Brooklyn when Miss Stacy placed her membership with that congregation. Mrs. J. Bart Johnson sang "Asleep in Jesus" and "Somewhere." Henry V. Stearns furnished organ accompaniment.

In speaking of the many virtues which characterized Miss Stacy's long and useful life, the minister referred to her loving service as a teacher. There is no greater profession than that of one who molds human character, who develops the potential manhood and womanhood. "In the days of his earthly ministry, the Christ was a teacher more often than he was a preacher." Mr. Theobold spoke of the Christian virtue which had ever been the heritage of her family. He spoke especially of those graces of heart and character which makes of the departed one's life a living legacy of priceless worth.

Surrounding the bier were flowers in beautiful profusion and these were cared for by Misses Mary Price, Nellie Glenn, Nettie Platt and Mabel Withee. When the service was ended the cortege went by motor to Diamond Grove, where burial was made. The honorary bearers were Dr. T. J. Pitner, Alexander Platt, Dr. A. R. Gregory, Albert Watts, Dr. J. R. Harker, Dr. Carl E. Black and Dr. A. L. Adams. The active bearers were William Barbre, Frank Bourn, E. G. Caldwell, G. E. Belzer, G. M. Blair and Edward Dunlap.

Among the relatives present from other places were Mrs. W. B. Kenney and son, William, Kansas City, Mo.; Mr. and Mrs. Albert Watts, Mrs. Bert Watts and daughter, and Miss Elizabeth Watts, Farmingdale; Mr. and Mrs. Eugene Jerald, Springfield.

Jewelry, watches, gems, rings, Schram's auction sale today.

Social Events

Entertained for Nieces.

Mrs. Hugh McGuire entertained at her home on Routt street Friday afternoon in honor of her nieces Margaret Casey and Bernice Walker of Bloomington. About twenty five relatives and friends were present, and the hours were most pleasantly spent with music, singing and games. Prizes were won by Mary Steer and Margaret Casey. During the afternoon dainty refreshments were served. The hostess was assisted by Miss Bernice Walker.

Athens Court Held Social.

Athens Court of Honor No. 30 held its regular session Monday evening. After the business had been dispensed with the lodge had a social hour and ice cream and cake were served. The occasion proved enjoyable for all present.

Double Wedding Anniversary And Birthday Celebrated.

Sunday was the 33rd wedding anniversary of Mr. and Mrs. C. C. Carter of 847 South Main street. It also was the 10th wedding anniversary of Mr. and Mrs. G. W. Carter and the birthday of C. C. Carter. In honor of the triple event an anniversary dinner was served at the Carter home at which 19 relatives were present. The occasion proved one of much pleasure to all present. Among the out of town guests were Mrs. Ella Hutchinson and Mrs. George Griffith of St. Louis, and Mrs. George Primrose of Los Angeles, Calif.

Miss Edna Carter and Mrs. George Primrose of Los Angeles, Calif., who has been a guest at the Carter home left Monday evening for Portland, Oregon. After a visit there they will visit in San Diego and Pasadena, Calif., and then go to Mrs. Primrose's home in Los Angeles. Miss Carter will spend the summer with Mrs. Primrose.

House Party in Honor of Hiram Drury

As a proper observance of the twenty first birthday of their young son Hiram Mr. and Mrs. Frank E. Drury entertained a company of young people at a house party from Saturday until Monday. It goes without saying that the young people enjoyed themselves thoroly for the hospitality of the very spacious Drury home is of the most generous kind. Hiram Drury, who has just attained his majority, has been a student at the University of Illinois and some of the guests were students at the same time. It was a noteworthy fact that out of the company of twenty two young people eleven were cousins. Those in the happy party were Mrs. Walter Witty, Mr. and Mrs. George Witty, Miss Catherine Witty, Phoebe Strawn, Horace Witty, Harry Tomlin, Robert Strawn, Oliver Hayes, all of Pleasant Plains; Miss Vera Tomlin, Miss Edwina Hall, Edwin Tomlin, Mechanicsburg; Helen Waddell, Decatur; E. E. Cantrell, Springfield; Jean Stillman, Fatima; Winifred Robinson, Timewell; Ruby Cully, Claude Cully, Jacksonville; Madeline Sloan, Champaign; Martha Winsborough, Atlanta, Ga.; Harold Perbix, Chapin; Anna Tomlin, Frances Tomlin, Tallula; Charles and Hiram Drury.

FUNERAL NOTICE

The funeral of Miss Ellen Morrow will be held at 10:30 Wednesday morning from the Presbyterian church at Woodson. Interment will be made in Sheppard cemetery.

Elliott State Bank

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville, Ill., Wednesday, June 20, 1917. ONE DAY ONLY. (Returns every 28 days.) Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free.

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Palm of hands moist? Have you a dull, dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Fistula? Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or loins? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

I invite you to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordialy invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT.
Come early as parlors are always crowded.

A friendly call may save you future suffering; it has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D.,
766 Oakwood Blvd., Chicago, Ill.

Experience makes perfect. Having treated hundreds of old chronic stomach troubles for the last fifteen years, I can relieve a great majority of these cases and restore them to health and strength again, especially in those cases who suifer from the effects of pain in the stomach and bowels, bloating, gas, spitting up of food, sour stomach, headache, dizziness, loss of appetite, drowsiness, and heavy, bad feeling in the head.

PILES—Every case guaranteed cured without detention from business or use of knife.

Private Diseases a Specialty!

NERVOUS DEBILITY—Are you nervous, despondent, weak, tired mornings, no ambition, poor memory, easily fatigued, excitable and irritable, eyes sunken, red and blurred, pimples on the face, dreams, restless, haggard looking, weak back, deposit in urine, drains at stool, distrustful, want of confidence, lack of energy and strength

MATERNITY AND MOTHER'S FRIEND

For Expectant Mothers

MATERNITY is the word of all words and Mother's Friend is the tried and true preparation, which prepares a woman's system for the greatest of all events. Used by three generations. The muscles expand easier. The breasts are kept in good condition. Much discomfort is relieved.

HARRY McCRACKEN GOES TO LARGER POSITION

Harry McCracken, assistant manager of the local Swift & Co. plant has gone to Marion, Ind., to take the assistant manager's position there. The Marion plant is devoted to produce exclusively. Mr. McCracken's new place is one of greatly increased responsibility as the volume of business of the branch with which he is connected exceeds that done here by several times.

Mr. McCracken has been succeeded as assistant manager of the produce department by Harry Barnes.

J. A. Long and family spent the day Sunday with New Berlin relatives.

RED CROSS CAMPAIGN FOR MEMBERS SOON TO BEGIN

ORGANIZATION PLANS WILL BE WORKED OUT THIS WEEK.

Next Week Will Come Big Drive for 7500 Members in Morgan County —Everybody Will Have to Hustle —You are Invited to be One of the Workers.

WANTED IMMEDIATELY.

500 patriotic Business men, women and young people to volunteer to act as organizers, managers, solicitors, clerks, etc., to help in the Jacksonville Red Cross campaign, which will be begun as soon as an organization is perfected. Morgan county has been behind in this work but will do her duty the same as we have always done. The National Red Cross has signified that Morgan county should have a membership of 7,500. All those who are willing to volunteer in this work please write E. E. Crabtree, the Chairman Organization committee, or telephone or call at the Red Cross shop, 231 W. State St.

This is not a work of the Committee any more than it is your work. It should be everyone's work. Perhaps your husband, your father or your boy will be the first to need Red Cross aid. We are trying to prepare for just such an emergency.

While the active campaign will not begin until Sunday, June 24, the enrollment is open now at 231 West State St. If you are not already a member of the Red Cross do not wait until the beginning of the campaign but go immediately to the general office on West State street and join.

Do it now. Do your bit.

M. F. Dunlap, Chairman Jacksonville Red Cross.
Dr. Carl E. Black, Vice Chairman.
Frank Elliott, Treas.
Mrs. Hester Capps, Secy.
E. E. Crabtree, Chairman Membership Committee.

There were signs of great activity at the Red Cross shop, 231 West State street Monday as preparations for the membership campaign week were begun. Each day since the shop was opened there has been an increasing number of visitors and women are there constantly engaged in various lines of work. On the west wall of the room a Red Cross flag was displayed for the first time Monday. This large flag was made for the headquarters by Rev. James Caldwell Chapter D. A. R. The materials are fine and the flag is of such a size that it attracts the immediate attention of those who enter the room.

As previously mentioned, a campaign for members is to begin soon and Edgar E. Crabtree was named as chairman of the organization committee to take charge of that campaign. Albert C. Metcalf has been chosen as vice chairman and was busy yesterday arranging a portion of the headquarters for the office records during this campaign. Mrs. Clark Green has been named as assistant to Mr. Crabtree.

Week of Preparation.

It will take at least a week of preparation and then another week will be required for the active work of securing the memberships in Jacksonville and adjacent territory. As it is the expectation that 7,500 names will be secured, and since a large organization of workers is necessary to accomplish this it is easy to see that a considerable office force must be maintained and that a great deal of detail work must have careful attention. The Red Cross shop has been open now about two weeks and the roll of members shows about 600 names. These names have been secured practically without solicitation. That there is widespread interest in the Red Cross work, as an understanding of what the work contemplates grows, is indicated by an incident Monday when Joshua Warfield, who is in charge of Centenary church property, stopped at the shop and volunteered his services to take care of the shop without any charge. This is certainly a practical kind of service and the directors were prompt to accept the generous offer made by Mr Warfield.

Mass Meeting Sunday.

Mr. Crabtree, as chairman of the organization committee for the membership campaign, has announced that this campaign will begin next Sunday with a mass meeting, probably at the Opera house. A Red Cross speaker of prominence will be here and there will be a number of briefer addresses by local people. Before Sunday arrives it is the expectation that the organization will have been perfected all thru the county so that a great drive can be made the days following Sunday to secure the membership. A tent will be erected in Central park for organization headquarters. There are several kinds of memberships in the Red Cross society but the effort in this campaign will be to secure the dollar memberships which entitle those who join on this basis to participate fully in the work of the organization.

500 Helpers Needed.

The Red Cross plan provides that one half of the money received from memberships may be retained by the local chapter and the other half must be sent to the national society and is designed for war relief. The campaign soon to begin is one which has its appeal to every loyal citizen. The campaign cannot be successful unless there are a great many volunteers for work. Mr. Crabtree is hoping that 500 persons will volunteer to help in this work. The house to house canvass of the county must be made and to accomplish this within a short time will require 500 workers. So the people are urged to notify the officers of their willingness to assist. If such notice is given to Mr. Crabtree or to the other officers the one volunteering will be listed and then later assigned to some particular work. Meanwhile there is no special need of waiting until the campaign week to join the Red Cross if your name is not on the books, for there are women constantly at the Red Cross shop ready to issue buttons and membership cards and to take your dollar.

Attend Schram's auction sale 2:30 and 7:30 today.

W. B. MISER GOES TO OKLAHOMA

W. B. Miser, former superintendent of the Jacksonville Railway and Light company was in the city Sunday evening enroute to Drumwright, Okla., where he takes the position of general manager of the H. M. Billingsby electric and gas utilities. The company has large holdings in that state and Mr. Miser will be in entire charge of them.

After leaving Jacksonville about a year ago Mr. Miser was in main offices of the Illinois Traction system at Peoria. Recently he left that corporation and was associated with the B. & B. coal company of Peoria.

The position he goes to is a most desirable one and shows that his ability in that line of work is known thruout the country. Mr. Miser is a good mixer and a capable business man and undoubtedly will make good in his new position. Mr. and Mrs. Miser were guests of Mr. and Mrs. G. B. Andre while here Sunday.

Jewelry, watches, gems, rings, Schram's auction sale today.

INSPECTING BURLINGTON WAY.

Officials of the Burlington Way Goods Roads association began inspection of the way Monday, starting from Springfield. The officers will journey to Fulton, Ky., where a big promotion meeting is to be held Wednesday. The purpose of this meeting is to extend the trail from Cairo to some point on the Mississippi river. Carl E. Weber of this city is president of the association, H. C. Wilhite of Greenfield, chief of promotion department, and Edwin H. White of Springfield, chief engineer. They are in the party now traveling by automobile over the route.

John Reaugh and daughter Helen of Savanah, Missouri, are in the city for a visit with friends including Mary Slaughter and family, W. T. Brown and others. Mr. Reaugh and Mr. Brown were school boys in the country east of Woodson when they were boys but Mr. Reaugh has not been back in 38 years and of course sees little that is natural.

The heat is off when you turn it off

You have instant heat for cooking. You can change from quick to slow heat by the turn of a handle. You can control the temperature exactly if you have a

New Perfection Oil Cook Stove

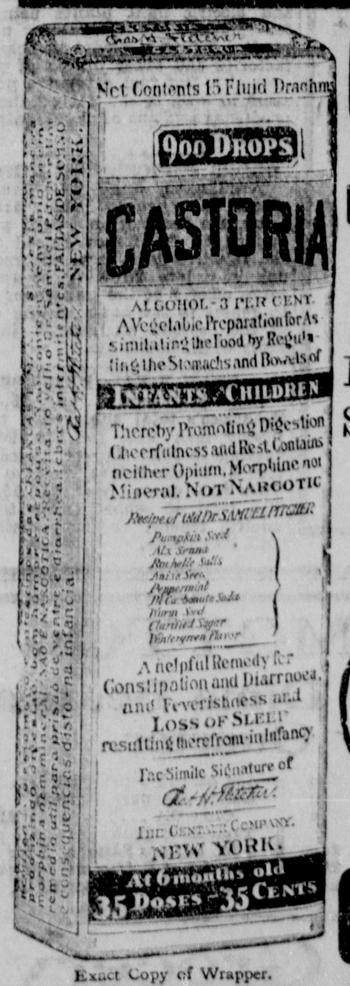

and then you can keep the soup simmering at just the right temperature. Take the soup pot off, turn up the flame, boil the water fresh for tea in five minutes. Now turn it off. You don't need it any more, and what's the use of wasting fuel? Even if it's cheap. Can't do that with wood or coal, can you?

You can with the New Perfection. It makes flexible heat, adapts itself to any need and degree of temperature for frying, baking, boiling or roasting.

It's the long blue chimney giving perfect combustion. No blacking to get on your clothes. No ashes to remove. No grate to shake down. Easy to fill. Easy to light. Easy to wick. There it stands shining like all your other enamel ware, ready, light, quick. Convenient for the next meal. *Ask your dealer to demonstrate this stove.*

TWELVE THOUSAND MINERS ON STRIKE

BUTTE, Mont., June 18.—The number of miners now on strike in this district, according to the Union officials is 12,000. There are 15,000 all told, in the district. A statement issued tonight by one of the employing companies said the labor situation is regarded as serious. Electricians employed by the Montana Power company struck today. The Chicago, Milwaukee & St. Paul railroad company which gets its power from the Montana company may be affected by the strike and in this connection it is reported that F. J. McNulty, international president of the Electricians has been summoned to Washington by the Council of National Defense.

FINNISH SENATE REQUISITIONS CEREALS

PETROGRAD, June 18—With the approval of the Finnish diet and the provisional government, the Finnish senate has ordered the requisition of all cereals.

Sailors from Kronstadt have been prominent among agitators in citing the peasants in the Mohilev government to seize and divide the land without waiting for the decision of the constituent assembly. A number of Kronstadt officers have been released after a hearing of flimsy charges brought against them.

WELCOME RELEASED IRISH PRISONERS

LONDON, June 18—Large crowds gathered in Dublin this morning to welcome the released Irish prisoners all of whom with the exception of Countess Markievicz, arrived at 8 o'clock. Men with banners escorted the former prisoners to their homes. There was much singing of Irish songs, and a great deal of cheering but there were no signs of disorder.

Countess Markievicz led a band of revolutionists which attempted to capture Dublin castle, killing a guard. She was sentenced to death but the sentence was commuted to penal servitude for life.

WESTERN PASSENGER MANAGERS TO MEET.

Chicago, June 18.—A meeting of members of the Western railroad assenger managers' association was held here today to start work on plans so greater resources for the movement of troops may be offered to the government. The meeting followed a request from the nationa' council of defense that most of the passenger train service be eliminated.

CONSTATINE MAY GO DIRECT TO GERMANY

Paris, June 18.—The Geneva correspondent of the Journal Des Debats telegraphs that former King Constantine of Greece may not stap at Lugano, as it had been reported he would do, but go direct to Baden-Baden, the famous health resort of Germany.

SEND AMENDMENTS TO WILSON TO SIGN

Washington, June 18.—Amendments to the federal reserve act, designed to strengthen the financial syste mof the country by the concentration of gold reserves in federal reserve baks and to open wide the doors of the federal reserve system to the state banks and trust companies were sent to the president today for his signature. The senate finally accepted a conference report previously approved by the house.

PITCHES PERFECT GAME.

CHARGE PIERSOL AND ADAMS WITH MURDER

SPRINGFIELD, Mo., June 18.—Claude J. Piersol, and Cletus Adams, both of whom are in jail in Kansas City are charged with first degree murder for alleged complicity in the death of Baby Lloyd Keet in informations filed in a justice court here yesterday afternoon.

The issuance of the warrants were withheld until today. They were drawn up and filed on telegraphic instructions received from prosecutor Paul M. O'Day who is in Kansas City.

HOOVER STARTS PRELIMINARY WORK

WASHINGTON, June 18.—Preliminary work of organizing the country's housewives into a great food conservation army was started today by Herbert C. Hoover. The task of enrolling them as actual members of the food administration is undertaken at the direction of President Wilson without awaiting the action of congress on the administration food bills. Actual registration of the women will not begin until July 1, but Mr. Hoover is organizing his staff to carry out the work. Operation of the plan will be in the hands of four main divisions— an advisory council of women as advisory council of household economy experts, a committee on voluntary service and the women's section of the council of national defense and state councils.

REPUDIATES IDEA OF SEPARATE PECE.

Petrograd, Sunday, June 17.—via London, June 18.—The desire to align Russia's international program with that of her allies as quickly as possible was expressed at today's session of the Pan-Russian congress of all councils of workmen's and soldiers' deputies by M. Tseretelli, minister of posts and telegraphs, who coupled this expression with sharp repudiation of any idea of a separate peace for Russia.

GARDNER OFFERS REWARD.

Jefferson City, Mo., June 18.—Governor Gardner today offered a reward of $500 each for the capture of the kidnappers and murderers of Little Lloyd Keet of Springfield Mo. This is the maximum reward the state can offer.

AMERICANS GO TO FRONT

Paris, June 18—Two hundred and seventy volunteers left the headquarters of the American field service for the front during last week making altogether 1,500 men actually serving in the American ambulance or American transport service with the French armies or in training camps within the army zone. Three hundred Americans are in the newly organized transport branch.

TO DEDICATE MEMORIAL

Washington, une 18—About 100 members of congress will go to Valley Forge, Pa., tomorrow for the dedication of the Washington Memorial arch, built under a congressional appropriation of $125,000, to the state of Pennsylvania. Speaker Clark will make the presentation speech and Governor Brumbaugh will formally accept the memorial.

CREATE NEW OFFICERS RESERVE CORPS

Washington June 18—Resolutions appropriating $300,000 for creation of a new officers' reserve corps in the public health service and providing for pay of public health officers detailed for war service with the army, navy or coast guard were passed today by the senate and sent to the house

DENMARK EXPERIENCES PETROLEUM SHORTAGE

New York, June 18—Danish newspapers arriving here today tell of a shortage of petroleum products in Denmark which is resulting in the shutting down of all industrial and electric light plants using oil for fuel and the compulsory use of candles for light, except in hospitals, factories and other places of public necessity. For fuel extensive preparation to work to the utmost the peat producing swamps of the country are under way.

ORDER OFFICERS TO REPORT

Washington, June 18—The first official reference to the national army, the designation which will be applied to the forces raised under the selective draft law, occurred today in orders directing several reserve officers of the enugineer corps to report to the commanding officer of the "second engineers" National army at St. Louis, Mo.

ISSUE FINAL FIGURES.

San Francisco, June 18.—San Francisco's total subscrition to the liberty loan was $56,130,000, according to final figures issued here tonight by the federa lreserve bank. Thec ity's quota was $42,000,000. The total of subscription for the twelfth federal reserve district is still incomplete.

PRESIDENT GREETS BELGIAN MISSION

WASHINGTON, June 18. — In greeting the Belgian war mission today President Wilson expressed America's "solemn determination today on the inevitable day of victory Belgium shall be restored to the place she has so richly won among the self respecting and respected nations of the earth."

The commissioners spent the first day in Washington paying official calls.

Secretary Lansing accompanied them to the white house where Baron Moncheur, head of the mission, handed to President Wilson a personal letter from King Albert and expressed in a short address Belgium's gratitude for America's aid.

Tonight the visitors were entertained at a formal white house dinner.

WILL TAKE UP DEMANDS FOR WAGE INCREASES

ATLANTIC CITY, N. J., June 18—The demands of ten thousand sheet iron and tinplate workers of the east and middle west for a substantial increase in wages to meet the rising cost of living will be communicated to the Western Sheet and Tinplate Manufacturers' association tomorrow. Representatives of the employers and employes gathered here today. Seven plants are working twenty four hours a day with three shifts the manufacturers declared in an effort to supply the government's needs.

MISSOURI ENDS CAPITAL PUNISHMENT

Jefferson City. Mo., June 18—From this date no person convicted in the Missouri Courts of murder or other crime may be sentenced to death. This is in accordance with the law abolishing capital punishment which was enacted by the last legislature. Missouri is the eleventh state of the union to abolish the death penalty. The other states in which life imprisonment is the severest pelanty of the law are Kansas, Maine, Minnesota, North Dakota, Oregon, Rhode Island, South Dakota, Tennessee and Washington.

SIMPLIFIED CLASS DAY AT BROWN

Providence, R. I., June 18—In the simplifieh Class Day exercises at Brown university today there was little to remind the old grad of the gay doings that were customary on similar occasions in the past. The war and the absence from college of scores of men who have enlisted in various branches of the military service necessitated a complete revision of the usual Class Day program. The gay fraternity stands which used to line the middle campus on Class Day were absent today, and altho the "Under the Elm" exercises were carried out in the main, the band concerts and the society dances were eliminated. In place of the supper of the senior class there was a flag-raising and patriotic demonstration on the campus.

CELEBRATE BUNKER HILL DAY

Boston, Mass., June 18—Not in many years has Boston and vicinity witnessed such an outburst of patriotism as that which marked today's celebration of Bunker Hill Day Altho the day was not a legal holiday, practically all the business activities of the city were suspended in observance of the 142nd anniversary of the battle that began the American war of independence. The patriotic celebration centered, as usual, in Charlestown, the scene of the famous fight. A big military and naval parade was the leading feature of the program.

BISHOP TO TAKE A BRIDE

Greencastle, Ind. June 18—A wedding of interest in Methodist circles here tomorrow will be that of Bishop Thomas Nicholson, one of the most widely known bishops of the M. E. church, and Miss Evelyn Riley, whose engagement was announced some weeks ago. The bride-elect is an instructor at Cornell College, Mount Vernon, Iowa.

REDUCTION OF PASSENGER SERVICE

Chicago, Ill., June 18—Executive officers of Western railroads meet in Chicago again today to consider the curtailment of passenger train service as a war measure economy. Following similar action already taken by the Eastern railroads it is expected that the Western roads will unanimously agree to take off many passenger trains in order that their facilities may be employed to the fullest possible extent in the transport of coal, foodstuffs and other necessities.

ASK LOWDEN TO VETO BILL

Chicago, June 18—A request to veto the so-called "third degree bill" was today sent to Govenor Lowden by Chief of Police Schuettler, second Deputy Funkhauser and State's Attorney Maclay Hoyne. The reason given was that the police department and prosecuting attorney would be weakened while they should be strengthened in war times. It was further asserted that the action would practically tie the hands of the two departments.

LEONARD KNOCKS NELSON OUT

New York, June 18—Benny Leonard, light weight champion knocked out Johnny Nelson of Philadelphia in the third round of a ten round mateh here tonight. Leonard weighed 133 1-4 and Nelson 141.

TO BEGIN PROBE JULY 2

Chicago, June 18—The federal trade commission's investigation of the cattle and meat problem will begin here July 2, it was said in the federal building today. Stock raisers from Western farms will be the first witnesses.

SUSPEND RATE INCREASE.

Chicago, June 18.—The 15 per cent freight rate increase sought by Illinois railroads which the roads proposed to put into effect in July was suspended for 100 days from that date by the public utilities commission today.

BEGIN DEBATE ON FOOD CONTROL BILL

(Continued from Page 1.)

Senator Gallinger said the proposition for minimum price guarantee to farmers struck him as extra-ordinary and he asked:

"Why limit this to the farmers and not extend it to all industries?"

Senator Chamberlain said the inducemnt was being held out to the producers to grow all they could and the government would make it certain that they received a fair price for their efforts.

Senator Reed insisted that under the provisions of the bill the government could take over control of every farm or mill and he believed every bank. Senator Sheppard replied that this could be done in emergency cases adding:

"But I am not afraid to entrust that power to the president, or to anybody he gives that power to."

Borland Denounces Attacks

Representative Borland of Missouri made a speech at the night session of the house, denouncing attacks upon Mr. Hoover.

"I am willing to trust the president's appointee," Mr. Borland said, "first, because he appointed him, and secondly, because Mr. Hoover's record and his achievements justify the confidence thus expressed.

"It may be that the opposition is confined entirely to wind. I hope so. I at willing at present to believe so. I should hate to feel that there was a class of men in our ranks willing to shoot their own officers in the back."

Attend Schram's auction sale 2:30 and 7:30 today.

MAY GIVE OUT FIGURES TODAY

New York, June 18—Final figures of the liberty loan subscription for federal reserve district may be announced tomorrow, it was said tonight. A large force of tabulators was still at work late tonight.

RAILROAD ADVANCES MONEY

Ottawa, June 18—The Canadian Pacific railway company it was officially announced today has advanced $10,000,000 for the production of war material in Canada the loan has been made to the imperial munitions board which is entrusted by the British government with the duty of placing munitions orders in Canada and arranging for expeditious production.

JAPANESE SHIPBUILDERS BUSY

Seattle, Wash., June 18—Travelers from Japan report an enormous amount of shipbuilding there. The three largest shipbuilding yards in Japan have received enough orders to keep them busy for three years at least.

POINCARE VISITS RHEIMS

Paris, June 18—President Poincare, accompanied by Leon Bourgeois, minister of labor has visited Rheims, where he pinned the cross of the Legion of Honor on the breasts of Cardinal Lucon, deputy Mayors De Bruignac, and Charbonneaux and Managing Editory Dramas of L' Eclaireur de L' Est, which continued to appear thruout the bombardment.

PLACE WOMAN ON TRIAL

Hartford, Conn., June 18—Accused of murdering by poison an inmate of her private home for the aged whose maintenance had been paid for in advance, Mrs. Amy E. Archer-Gilligan, proprietor of the Archer home for elderly people at Windsor, near here, was placed on trial here today. It is alleged that she killed Franklin R. Andrews. Following an analysis of the organs of his body, the woman was indicted. She had been under arrest since May, 1916.

BRING CASE TO TRIAL

New York, June 18—The government's case against 64 individuals and 108 corporations indicted on a charge of conspiring to restrain trade and fix prices in semi-bituminous coal regions in Virginia and West Virginia was brought to trial in the United States court here today. The defendants are being prosecuted under the Sherman anti-trust law.

COMMISSIONER CLEMENTS DIES

Washigton, June 18.—Commissioner Judson C. Clements of the interstate commerce commission died here today.

Commissioner Clements has served on the rate making body since 1892, and once had been chairman He was 60 years old, a native of Georgia and before going on the commission served five terms in congress.

TABULATION NOT COMPLETE

Boston, June 18—New England's contribution to the liberty loan estimated shortly after the close of subscriptions Friday at $270,000,000 will amount to between $310,000,000 and $315,000,000, it was estimated tonight by officials of the federal reserve bank. Tabulation is not complete.

CARRANZA'S SECRETARY LEAVES FOR WASHINGTON

Mexico City, June 18—G. Urgarte, private secretary to President Carranza left here tonight on a mission to Washington. Men in close touch with affairs here express their opinion that Senor Urgarte is bearing a message from President Carranza to President Wilson outlining General Carranza's stand regarding the world war and other questions

MUST PAY WHEN ORDERING

Chicago, June 18.—All sleeping and parlor car reservations hereafter must be paid for the day they are made, was the decision at a meeting of executive officers of all the big western railroads today. The action was the result of the railroads determination to economize in passenger transportation during the war.

MATRIMONIAL

Bland-Roach.

From Valley Center, Kan., comes word of a marriage which will be of special interest to Franklin people. Herbert Bland and Miss Mary Roach, both of the Franklin vicinity, quietly went to Moberly, Mo., and were married, May 4.

The groom is the son of George Bland and the bride is the youngest daughter of John Roach. She is a former student of Franklin high school. Both young people have many friends and all these will join in extending Mr. and Mrs. Bland hearty congratulations.

The young people are making their home on a farm at Valley Center, Kan., near Wichita.

WITH THE SICK

George P. Davis, chief of police, is still confined to his home on South Prairie street by illness. Chief Davis has been a house prisoner for a week past but is improving and hopes to again be at his office in the course of a week or ten days.

Prof. J. H. Rayhill, who was operated on several weeks since at Passavant hospital, was able to return to his home on Westminster street yesterday.

RED CROSS AUXILIARY FORMED IN FRANKLIN

An auxiliary of the Red Cross was formed Sunday by women of the Church of Sacred Heart, Parish. The officers chosen were:

Chairman—Mrs. Daniel Gallagher.

Secretary—Mrs. Sadie Murphy.

Treasurer—Mrs. Katherine Whalen.

Executive committee—Mrs. A. L. Lukeman, Mrs. Murphy, Mrs. Whalen and Miss Emma Shanle.

It is desired that all ladies of the congregation enroll for active membership. Application may be made to the nearest member of the committee. Different lines of work will be considered and the active making of articles for Red Cross work will be begun without delay.

THREE HUNDRED OBTAIN APPLICATION BLANKS

CHICAGO, June 18.—Application blanks for admission to the second series of officers reserve corps training camps were obtained today from the central department of the United States army by nearly 300 men. The Illinois quota is limited to 971 men who will be trained at Leon Springs, Texas. A majority of the applicants were men above the draft age. In announcing the camps the war department gave notice that applicants more than 31 years old would be given preference. Applicants who failed of admission to the first series of camps must apply again if they wish to attend the second series. Physical tests for the second series will not be so exacting as for the first camps.

TO COMPILE DATA.

Chicago, June 18.—The society of Industrial Engineers organized in Chicago on May 26 at the close of the national conference on industrial preparedness held under the auspices of the western efficiency society, today was assigned the task of ascertaining complete data regarding the equipment of all plants in the United States that can in any manner aid in the manufacture of airplanes or parts of aircraft for use in the war with Germany.

ANNOUNCE GIFTS TO PRINCETON

Princeton, N. J., June 18.—Gifts of $218,000 from alumni and others have been made to Princeton University during the last few months, it was announced today.

DUST IN BUSINESS DISTRICT

The condition of the public square and adjacent streets in the business district is such that something must be done about sprinkling. Merchants have been complaining for a number of days that the dust is not only an annoyance but is causing them money loss as it blows into the stores and covers goods on shelf and counter. The city last year used a street flusher in the business district at night or in the early morning hours and the streets were kept in such condition that most persons did not think sprinkling was necessary. It is understood that the city council is not ready to resume the flusher service because very few merchants last year were willing to pay anything toward the expense altho they had been in the habit of paying for oiling and sprinkling.

There is divided sentiment on the use of oil and sprinkling seems to be the thing that most merchants are now advocating. Certainly the situation is one which demands some solution and if the city does not have a sprinkling plan there is an opportunity for some firm or individual to buy a sprinkling outfit and get into the business. The difficulty in the way of the last mentioned proposition is the statement that men who have engaged in the sprinkling business in the past have had little profit to show for their trouble.

Jewelry, watches, gems, rings, Schram's auction sale today.

BOARD CONTROLS PARKS

Since changes have been in progress in Central Park there has been both criticism and commendation for the park board and criticism and commendation for the city council. However, the critics have outnumbered those who are in favor of the work now in progress. But the purpose of this item is to make it clear that the changes in progress are entirely under the direction of the park board. The mayor of the city appoints the members of the park board with the approval of the council and after that appointment the council's connection with the board ceases. The money to be expended for park purposes is entirely in the hands of the park board and it is the board that determines just how and where that money shall be expended.

Attend Schram's auction sale 2:30 and 7:30 today.

ALEXANDER WON GAME.

The game of baseball between the Knights of Columbus and Alexander Sunday afternoon resulted in a 23 to 13 victory for the last named team. Sloan, Ferry and Bergschneider worked for the K. C.'s and Kitchin and Beerup were the Alexander batteries.

The game at Alexander Sunday was the third straight game won by the team there. Next Sunday the boys hope to play Beardstown. Sunday, July 1, a game has been scheduled at Alexander with the Springfield merchants.

Mrs. Ella Hutchinson and mother, Mrs. George Griffith of St. Louis are in the city for a visit of several weeks with Mr. and Mrs. C. C. Carter of 847 South Main street.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of $1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

Lovely White Skin!

Strain lemon juice well before mixing and massage face, neck, arms, hands.

By all means, girls, prepare a lemon lotion to keep your skin flexible and young looking. You will soon realize that true loveliness does not mean the powdery-look or waxen colorlessness of some hot-house flower, but is typified by the velvety softness of your skin, your peach-like complexion and rosy-white hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen and bring out the roses and hidden beauty of any skin. It is simply marvelous to smoothen rough, red hands.—Adv.

Last Warning!

Even yet, there is great good to be accomplished by taking care of your trees, shrubbery and young plants. All of the spraying material and insect destroying powders can be supplied by us.

RED CROSS MEMBERSHIP ROLL HAS BEEN OPENED

SEVERAL HUNDRED NAMES ARE ALREADY SHOWN ON RECORDS

Campaign for Members Not Really Begun But 7500 are Expected from Morgan County — Membership in This Greatest of Humanitarian Organization Costs But One Dollar—Main Purpose Is To Care for Wounded Soldiers.

The Red Cross campaign for members in Morgan county has not yet begun, altho preparations are now well under way. But since the Red Cross shop was opened at 231 West State street about two weeks since, several hundred names have been enrolled. The list below gives practically all of those names altho the list is not quite complete.

From day to day names of those who join will be published and in this manner the public will be kept informed about the growth of the local membership list. The national organization is expecting 7,500 members in Morgan county, so it is easy to figure that this list must grow rapidly.

The Red Cross work has its appeal to every man, woman and child who believes in giving aid in times of distress. The funds must be given now in order that the U. S. may be prepared to care for her own wounded during the progress of the war. The first detachment of U. S. troops is now on the way to France. The casualty list is a certainty and it will come soon. It costs but $1 to become a member of this great humanitarian society—the greatest the world has ever known. Stop in at the Red Cross shop today, take out a membership and become a worker in securing other members.

KOLP BROTHERS IN SIOUX CITY BANK

Mrs. Lucy D. Kolp has returned from Sioux City, Iowa, where she went to attend commencement exercises at Morningside College. Her son, James Kolp, was one of the graduates. He has already taken a position in the Security National bank of that city where his brother, John Kolp, has held a position for several years. It is worthy of note that this young college graduate has attracted such favorable attention long before he completed his college course that the bank position had been offered him, to be accepted following graduation.

R. Y. GIBSON'S CAR DESTROYED BY FIRE

Fire destroyed R. Y. Gibson's Mitchell car Sunday afternoon as he and his family were driving along a country road near Waverly. They had spent the day at the home of Mr. and Mrs. Bryan Sheppard in Lowder and were on their way home when the car was burned. At the point mentioned Mr. Gibson noted that there was a lot of smoke coming from the rear and he stopped to investigate and found the car was burning briskly underneath. Mr. and Mrs. Gibson and their four children, Grace, Truman, Virginia and Ray, immediately got to a place of safety for fear of explosion and then members of the family went for help. But before any assistance could be secured the car had been entirely demolished.

Mr. Gibson was fortunate in that he had taken out a policy on the car the day previous to the accident.

MURRAYVILLE MAN HURT.

The Rev. Roy March is recovering from injuries received in an accident which happened Monday near his home, west of Murrayville. He was driving a team across a plot of pasture when the horses took fright and took the wagon over an embankment. Mr. March fell in such a way that the wheels passed over his body. Dr. Spencer was called to attend the man but no broken bones were found. It is not thought that internal injuries, received by Mr. March, will be of serious consequence.

FRANKLIN STORE BURNS IN MORNING FIRE

George Dunstan's Grocery a Total Loss—Origin of Blaze Unknown.

A fire of unknown origin which was discovered a few minutes after midnight this (Tuesday) morning burned to the ground the grocery store of George Dunstan and damaged the residence of James Jolly, nearby. The blaze was first discovered by John Votsmier, who was returning from an auto trip.

The building was a frame structure, owned by Thomas Miller of Chicago. The value of the building and stock together was estimated at fifteen hundred dollars. There was thought to be insurance on both.

Jewelry, watches, gems, rings, Schram's auction sale today.

SAW THE ITALIAN VISITORS

While Miss Frances English was in Chicago she had the pleasure of seeing the Italian official visitors to the country and it was indeed a sight. Fully ten thousand of their countrymen thronged the streets and gave them an ovation they will never forget. Bands, flags, shouts and huzzahs were everywhere and the carriage had to stop frequently.

Mr. and Mrs. Sinclair Campbell and children of Tuscola drove to Morgan county in their car Saturday and are guests of Mr. and Mrs. Edmund Blackburn northwest of the city. They will probably spend a week visiting relatives here.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Mayr's Wonderful Remedy is for sale by Coover & Shreve East Side Drug Co., and druggists everywhere. —Adv.

THE MAKING OF A FAMOUS MEDICINE

Few people realize that over 350,000 pounds of various herbs are used annually in making Lydia E. Pinkham's Vegetable Compound, and these herbs all have to be gathered at the season of the year when their medicinal properties are at their best.

The watchword in preparing these herbs is cleanliness, the process of percolation is perfect. All utensils and tanks are sterilized and the medicine is pasteurized, clarified and filtered before it is bottled for the consumer.

It is this wonderful combination of herbs, together with the skill and care used in the preparation, which has made this famous medicine so successful in the treatment of female ills.—Adv.

PICTURE CENSORSHIP BILL WAS DEFEATED

Motion Picture Men Greatly Pleased by Action Taken Before General Assembly Adjourned.

One of the last acts of the legislature was to kill the Guernsey motion picture censorship bill. G. M. Luttrell, with other officers of the state organization of motion picture exhibitors, spent a number of days at the state capital the past week working against the bill. Naturally Mr. Luttrell and his associates were greatly pleased with the result. The bill originally passed the house but was amended in the senate and afterward went to conference. When it was reported to the senate from the conference committee it was defeated.

Among the motion picture men who helped organize the objection to the bill were F. H. Hartman, a Chicago exhibitor, M. S. Pegler of Chicago, representative of the Mutual Producing company, W. E. Sweeney of Chicago, national secretary of the motion picture organization, H. T. Loper W. W. Watts and Eddy Kuntz of Springfield. In a statement referring to the legislature's action the State Register had the following:

"Before members of the Fiftieth general assembly recessed early yesterday morning, Representative Guernsey's bill to provide for a censor of all films shown in this state went to its death in the senate when that body refused to adopt the report of a conference committee into whose hands the measure was put after the house had voted to nonconcur in amendments tacked on by the senate a few days ago.

"The senate amendments provided that the provisions of the proposed act should not apply to any city that has a local censor board. After the measure was sent to conference the conferees came in with a report recommending that the senate recede from its amendments, but the senators refused to abide by this suggestion and as a result the proposed law went to slumberland."

Attend Schram's auction sale 2:30 and 7:30 today.

OFFERS UNITED CIGAR STORE GOODS

In accordance with announcement made recently the Armstrong drug store at 235 East State street is now the agency for the United Cigar Stores and offers the same line of products carried by these famous stores in all the larger cities. The stock thus offered includes all the well known line of domestic, Havana and Porto Rican cigars, but of course the offerings will also include Jacksonville made cigars. United coupons are given with all the purchases and the cigar agency will no dougt add to the popularity of this well known store, which is under the management of E. L. Snyder, one of the best known pharmacists in the city.

Jewelry, watches, gems, rings, Schram's auction sale today.

Miss Grace Van Hyning and Edward Van Hyning left Monday for a visit in Indepedence, Kan. The former will remain for a visit of two weeks and Mr. Van Hyning will spend the summer at the home of his brother, Earl Van Hyning, and wife.

Mr. and Mrs. Roy Heaton of Lynnville spent Sunday with W. A. McCarthy on East College street.

Mrs. Ernest Camm was in the city Monday from White Hall.

Oh! What Luck!

WABASH FAST TRAIN LEFT RAILS MONDAY

Spreading Rails Caused Wreck Near Spaulding Crossing—No One Was Injured But Traffic was Delayed.

The engine, tender and baggage car of west bound Wabash flyer which left here at 1:10 o'clock Monday afternoon jumped the track at the Spaulding crossing just west of the city. Fortunately no one was injured. The track was torn up for a distance of about 600 feet and traffic was blocked for several hours.

The cause of the wreck is not known. Engineer Pease of Decatur said that his first intimation of anything wrong was when he noticed the tender was off the rails. He applied the emergency brakes and the engine also left the rails and ran along the ties for several hundred feet. When the engine came to a stop it rocked to the left and it looked as tho it would turn over.

The sudden stopping of the train gave the passengers a severe shaking up but none were injured. tho one man had his head jammed against the back of the seat in front of him.

The train was brought back to the city and another engine secured and it detoured by the Burlington to Concord and down to Chapin where it again took up the run. The wrecker was sent from Springfield and after several hours of hard work the right of way was cleared and repaired.

The train crew are at loss to account for the wreck. Evidently the rails must have spread and caused the tender to leave the rails. It is fortunate that the train had not attained full speed else the wreck might have been a disastrous one.

NOTICE F. O. E.

DECORATED GRAVES OF DECEASED MEMBERS

Memorial day was observed by Jacksonville Lodge No. 152 Knights of Pythias Sunday when a committee from the lodge decorated all of the graves of the deceased members in Diamond Grove and Jacksonville cemeteries. The grave of J. H. Kelley, member of a Texas lodge, who is buried here, also was decorated.

The committee in charge of the work was composed of Charles A. Howard, Roland Stice, James I. Graham, H. C. White, J. F. Kellogg, Capt. J. T. Bowen, C. S. McCullough, and Ralph I. Dunlap. The grave of each member was decorated with flowers and in the marker with which each grave is provided was placed a Knights of Pythias flag. Capt. Bowen donated a quantity of flowers from his own garden.

The following is the list of deceased members of the lodge: A. W. Hackman, E. J. King, A. G. Brook, Caesar Mayfield, J. H. Kellogg, William Benson, Warren Case, George E. Doying, Oscar Peterson, John R. Davis, H. E. Wadsworth, H. J. Johnson, Charles W. Brown, J. A. Goltra, Brock Mayfield, Charles A. Barnes, William Ransdell, G. L. Merrill, Norman Broadwell, Capt. Alex Smith, C. S. Sanders, B. C. Pyatt and George Martin. All but the last two of these are buried in Diamond Grove cemetery. Mr. Pyatt and Mr. Martin are buried in Jacksonville cemetery.

LOOK!

PROBATE COURT.

Before Judge Thomson Monday objections to the final report of George B. Flinn as administrator of the estate of Eliza Flinn were heard. The objections were filed by Althea Flinn et al., with Worthington, Reeve & Green as attorneys, and Judge M. T. Layman appeared in behalf of the administrator. It is the claim of the objectors that administrator failed to charge himself with certain assets in preparing his report. The court heard argument in the proceedings brought by Eugene Gailey asking that a will made by the late Dr. Byron S. Gailey be produced in court. It is the contention of E. W. Brown, as administrator of the estate, that because the will was drawn prior to the marriage of the testator that it is revoked by law. Judge Thomson took the matter under advisement and will probably give his ruling next Monday.

In the estate of Marion Seymour, the sale bill was approved.

In the matter of the guardianship of Guy W. Bradford the report was approved and the guardianship declared closed.

In the estate of Minnie Whitlock, final report was approved and the estate declared closed.

The report with reference to the affairs of Homer E. Ragsdale was approved.

A suit was filed in the circuit court Monday by W. N. Hairgrove for hearing at the November term. It is a suit in assumpsit brought in the name of George L. Stice against Percy McMurphy. Only the praecipe has been filed and an indebtedness of $750 is indicated.

AUTOMOBILE TRAVELERS.

Messers. J. M. Scott, Luther Barnard, Frank Manning, Henry Epler, James Farn, Peter Hanners, and James Statley rolled into the city Sunday on their way from Flint, Michigan, to Marshall, Missouri with ten Buick cars in tow.

LICENSED TO MARRY.

George O. McDaniel, Chapin; Esther Griffin, Chapin.

MICHAEL M'NAMARA HAS HAD A LONG LIFE

Old Citizen Saw Much of the Fatherland Before Coming to America to Live.

One of the citizens of Jacksonville nearing the century mark is Michael McNamara, 87 years old and yet except for a trouble in his hearing, is quite admirably preserved.

Mr. McNamara was born in Clare county, Ireland, 1830 and lived there till manhood when he emigrated to this country. His parents were Daniel and Mary Lillie McNamara and were tillers of the soil, renting a small place of 27 acres for which twenty pounds, a little short of a twenty pounds, $100 annual rent was paid, ten pounds in the fall and ten in the spring. The home consisted of one large room in a stone house, the apartment supplied with a large fireplace which afforded both heat and light. The roof was of thatch, which means straw, ingeniously woven, which Mr. McNamara says would last as long as shingles in this country. Adjoining the living room was the small place in which the pigs and hogs were kept and near that was the place for the cows and next that of the horses. Mr. McNamara says that sometimes the stable was in a separate building entirely and sometimes not as was the case with the home in which Tommy Burns was born where one roof covered both animals and man.

A Large Family

There was a small chamber and in this abode a family of nine sons was born and partly reared. In the bog not far away a portion was set aside for each tenant to cut peat for fuel. The landlord owned 21 farms like the one occupied by the McNamara family and each one had the privilege of the peat bog. The crops raised on the land were potatoes largely, wheat, oats, barley and flax. The caring of the flax was a peculiar process. First the seed was removed and then it was buried till the shell of the stem became well rotted when it was taken up and broken on a brake after which it was hetcheled which meant drawing the tow through a series of sharp pointed iron pins six inches high placed close together in a board. Next spun into thread and wound on a wheel and then the thread was sent to the weaver and returned in linen which would well nigh last forever. Mr. McNamara says he has four shirts which he wore long after he came to this country.

Amusements were few and simple. When they could afford it they went to Limerick to the batty shows which were a kind of a carnival where were horseback riding and all sorts of shows and entertainments. This was a luxury not often enjoyed but a keen pleasure when permitted. A character of the neighborhood was a lame fiddler who would locate himself at a cross road and conduct a variety of entertainments. Young people would gather Sunday afternoons and dance to his music giving him each a penny when through. He had a bridle and invited the people to enter their horses for two shillings each and run a race for the bridle.

Many an interesting race was run in that way. The parish priest had a good horse for horseback was the principal way of getting about for those who could afford not to walk. This animal was also a good runner and one Sunday when the priest was away the boys took his horse and entered him in a ract which so exasperated the holy man that he broke up the Sunday business of the lame man entirely.

Potatoes in Variety

Potatoes were a great article of diet. There were several varieties: English reds, English cups, Brown Fancies and Comoclumpers, the last a large variety mainly given to hogs. Some of the farmers burned some lime on their places and it was much usged as a fertilizer. The small, inferior potatoes were also given the hogs as no such thing as corn was known. Mr. McNamara well remembers the terrible famine when the potato crop failed and so many starved or went to the almshouses. His father sent him to America and he arrived in New York, found work on a farm in New Jersey and six months later sent money for his next older brother to come over. He had a place for him and in some months the two sent for the rest of the family who arrived in Canada and had to have more money to get to New York.

He had a house ready for the family and the father worked for a while on a farm and then secured a place in a paper mill where straw board and other articles were made. Michael says he contributed $200 and his father $500 to buy a small farm. The father let the son stay there three years and then told him to leave as the deed was in the father's name.

When the war broke out one day Michael was ordered to report for examination which he did. It was whispered to him by some one that for $25 he could be declared unfit for duty but he said he wouldn't do it and the information might not have been authentic anyway. He was examined, declared sound and ordered to report three days later but three days after that found him in Canada where he remained till the war was over and then he returned and came to Jacksonville where he has since resided. For many years he hauled coal for Greenleaf and others owning and driving a good team but he sold out a while back and is not in any business now.

He was married June 1, 1857, to Mary Kilmartin who died in 1891. He has one son, Daniel of this city, and had a daughter, who married Mr. Pierson of Paxton. Both are dead but a son works for Thomas Scott. He had a brother Dan who was killed by being run over by a wagon; another brother John who died in Springfield; Dennis, whereabouts unknown; Thomas, ditto and Patrick also.

Like many other old people Mr. McNamara likes a home of his own. For some years he had a good housekeeper but she died and now he is managing his cooking and housekeeping himself and from his appearance one would infer he is well fed and cared for every way.

MYERS BROTHERS.

CHILD DIED WITHOUT MEDICAL ATTENTION

Coroner's Inquest Held Over Remains of Infant of Mr. and Mrs. Floyd Shinall

The infant child of Mr. and Mrs. Floyd Shinall of Beardstown died at the home of Mr. and Mrs. Charles Thirio, 806 East Lafayette avenue, Sunday evening about 6 o'clock. As no physician had attended the child Coroner Rose was notified and empanelled a jury that held an inquest Monday morning. The child was about eight months old and according to the testimony, has been for some time in the Thirio home. It is understood that Mrs. Thirio is the grandmother of the child. Very few facts were brought out at the inquest and nothing was developed which gave any real insight into the cause of death.

The testimony of Floyd Shinall, Charles Thirio and Mattie Thirio was heard. All of them testified that the child had not been ailing before the illness that caused death. Mrs. Thirio in her testimony said that the child had always been delicate and had been troubled with a cold recently. The testimony of the father was rather vague in character. He said that he tried to secure a doctor but could not remember the name of the one he tried to get.

The jury returned a verdict that death resulted from causes unknown. The jury was composed of John R. Hill, foreman, Lou Fernandes, George A. Hedrick, V. T. Dyer, E. E. Henderson and B. M. Stice, clerk.

Funeral services were held from the residence Monday afternoon at 4 o'clock in charge of the Rev. A. A. Todd with burial in Jacksonville cemetery.

ANOTHER MAN KNOWS GOOD CAR

J. T. Holmes one and a half miles south of Orleans buys seven passenger Ross Eight from Bert Young for immediate delivery.

MUSICAL AND LITERARY.

ANNUAL PICNIC.

The annual picnic of the Mission Study Circle of the Congregational church will be held this evening at 6 o'clock with Mr. and Mrs. J. W. Bowen, 403 Lincoln avenue.

EAST UNION

Misses Iona Hawkins and Lena Martin are visiting this week with Fred Martin and family of White Hall.

Mrs. Thomas Cooley and daughter Mona spent Sunday with Vern Cooley and wife.

Miss Margaret Simmons spent Sunday afternoon with Amy Jones.

Calvin Simmons, wife and son Alonzo spent Sunday afternoon with Charles Reinkie and wife.

Mr. and Mrs. Frank Reid spent Saturday with Mr. and Mrs. A. B. Reid.

Marshal Daniel and family spent Sunday with R. H. Daniel and family.

Ernest Cooper, wife and daughter Grace spent Sunday with Mr. and Mrs. Robert Barber.

Russell Day spent Sunday with his parents, Mr. and Mrs. Ervin Day.

Mr. and Mrs. Robert Edwards and Mr. and Mrs. Carey Hawkins spent Sunday with Levi Hawkins and wife.

J. W. Garner and family spent Sunday with Mr. and Mrs. James Barber.

J. J. Jones and Charles Ridney spent Sunday in Roodhouse.

Mr. and Mrs. Douglas Day transacted business in Roodhouse Saturday.

Strawberry and ice cream festival at Hebron church Tuesday night, June 19th.

MAKING A SUCCESS

The following is from the Quincy Whig: "C. E. Delaplain, hustling real estate man who came here from Jacksonville in February and opened an office in the Stearns building, is certainly making good. He sold yesterday to H. J. Eaton, former owner of the Quincy Herald, the E. E. Waggoner farm of 405 acres just north of Hull station. This is a very fine farm and the crop value on it this year is estimated from $14,000 to $15,000. The consideration was more than $60,000. There are two sets of improvements and the land adjoins the station."

GRACE CHURCH APPOINTS RED CROSS COMMITTEE

Mrs. Nelson McMurphy, Mrs. E. D. Herald and Mrs. J. J. Reeve have graciously and patriotically accepted the appointment as the committee of Grace church in the organization of Jacksonville Chapter of the Red Cross.

These ladies will have charge of the appeal for members on Red Cross Sunday and they are the committee to whom all pledges may be made and offerings given by the people of Grace church for Red Cross work.

Action by Grace church is in response to an appeal sent out by the Rev. M. L. Pontius and Dr. F. A. McCarty asking all churches to appoint a committee to work in conjunction with and as a part of the Red Cross organization in the campaign for members. Other churches probably will take similar action within a few days.

MRS. CARR LEAVES FUND FOR WOMAN'S COLLEGE

Bequest of Ohio Woman Will Mean $8,000 or $10,000 for the College

By the will of the late Mrs. Nancy Hurst Carr of Hamilton, Ohio, Illinois Woman's college will benefit to the extent of eight or ten thousand dollars. Mrs. Carr, who is a sister of Mrs. Maria Hay and an aunt of Miss Lula Hay of the college faculty, for a number of years taught school in this county. She died recently at Hamilton and named the Woman's college as the residuary legatee of her estate. The deceased left $300 to the Methodist church of Hamilton and made several small bequests, the remainder to become the property of the college.

When Mrs. Carr was in this county she taught Ebenezer school, the Mound and in several other neighborhoods. Her marriage to James A. Carr occurred in 1890 and he died a few years afterward, since which time Mrs. Carr has been a resident of Hamilton. Altho Mrs. Carr's interest in the college is known, President Harker was not aware that the college had been made a beneficiary in the will and thus the news of the bequest came as a surprise. The will, according to notice received by President Harker, from Judge Belden of Hamilton, directs that $5,000 of the money is to be used as a memorial scholarship fund and the remainder put to the uses as the trustees see fit.

NOTICE OF DISSOLUTION OF PARTNERSHIP.

Public notice is hereby given that the partnership heretofore existing between Herman Marunga and V. R. Riley and doing business as the Atlantic, formerly the Bismarck Cafe, is this day dissolved by mutual consent.

The interest of the said V. R. Riley has been purchased by the said Herman Marunga, who will conduct said business in the future.

Dated this 15th day of June, A. D., 1917.

Herman Marunga.
V. R. Riley.

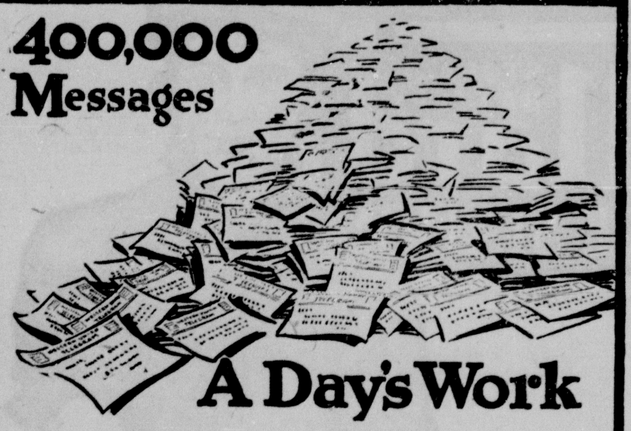

Having purchased the interest of V. R. Riley in the Atlantic Cafe, I beg to announce that the business will be conducted on the same lines of cleanliness and service as in the past, and cordially solicit the public's patronage.

Herman Marunga.

MERRY PICNICKERS.

Yesterday afternoon the young ladies of the store of F. J. Waddell & Co. filled a goodly number of baskets with the nice things such skilled young ladies know how to prepare and traveled to Nichols park where a delightful picnic was enjoyed. They had tables and seats conveniently arranged, plenty of good cheer and the bill of fare was excellent.

The Biggest Vacation Bargain on the Map

Here is great news for you who are planning your summer vacation. Glacier National Park, Yellowstone National Park, (new Cody Road) and Rocky Mountain National-Estes Park, may be visited on one ticket, thanks to the generous 3-in-1 National Park Tour which the Burlington Route now offers.

This tour presents a travel bargain that never before has been equaled. The Burlington is THE National Park line — through trains direct to each park.

You who wish them will find city comforts in the National Parks or if you'd rather, you can rough t. Great fishing and golfing, too ! See Denver, Colorado Springs, the Pike's Peak region and Rocky Mountain National-Estes Park where Long Peak stands silent sentinel. See Yellowstone National Park—motor over the new Cody Road—Buffalo Bill's old wonder trail. See Glacier National Park where the Rockies reach their greatest glory. See the Indians—meet them—know them.

I'll be glad to tell you more about this wonderful trip. I have free descriptive literature and will gladly make ALL arrangements. No charge for this service—it is just one of the ways the Burlington serves the public.

Burlington Route

REPORT SHOWS NEED OF EDUCATION IN SOUTH

Bureau of Education Investigation Reviews Fifty Years of Effort to Educate the Black Race in South —Preparation for Rural Life Greatest Problem—Whites Must Co-Operate in Movement

Washington, June 18—Investigation of fifty years of educational effort among negroes in the south, recently completed by the federal Bureau of Education and made possible by the cooperation of the Phelps-Stokes fund of New York, emphasizes more than anything else the need of rural education, particularly the higher learning of the printed page.

The investigation made by Dr. Thomas Jesse Jones, a specialist in the Bureau of Education, with a corps of assistants under the direction of Commissioner Claxton, reviews fifty years of effort by public authorities, northern philanthropists and churches, and negroes themselves to educate the black race in the south.

The report says three-fourths of the 8,500,000 negroes in the south live in rural communities, and that there are 3,000,000 negroes engaged in agricultural pursuits, cultivating fully 100,000,000 acres. As owners and renters of land, they are cultivating 41,500,000 acres. This acreage is twice that under cultivation either in Virginia, or in New England, according to the report. Nevertheless, the South does not produce enough feed to feed itself, drawing on the rest of the country annually for farm products recently estimated as worth $750,000,000.

Ignore Industrial Training

"Despite the overwheming proportion of negroes living in the rural districts of the south," says Dr. Jones, "the elementary public school systems ignore the teaching of agriculture and the simple trades needed constantly on the farm. Few states provide higher schools of agriculture or supplement adequately the federal funds appropriated for the joint operation of such schools for the negroes. The schools conducted entirely by the colored people teach the classics and modern languages when they might rather be emphasizing agricultural and industrial training, and the other private schools as a whole teach farming and its supplemental trades only in a perfunctory way.

"Preparation for rural life is the greatest educational problem of the white and colored people of the south. The rural education of the negro is essential, not only to the welfare of the race, but also to the successful development of the southern states.

"Of the private schools, Hampton Institute, Tuskegee Institute, and a few smaller institutions are making a genuine effort to prepare pupils for rural life. With very few exceptions, however, the colored schools have failed to develop an interest in rural problems. The large majority have not even tried.

"The explanation of the indifference is in the conviction of the colored people that the way to prosperity and happiness is the study of literary subjects and especially the classical languages. In this they are following the example of the white people who are only now beginning to see the error of their belief. This conviction is emphasized by the life of drudgery which the pupils in colored schools have always seen to be the lot of colored farmers. Their own limited education, also, makes them loath to lose any opportunity to master the wonders of the printed page.

"It is exceedingly unfortunate that many of the educational leaders of the colored race do not sufficiently appreciate the significance of the remarkable progress of the negro race in agriculture. It is not surprising, however, that the unfavorable conditions under which many of the negroes are working in rural districts should delude the superficial observer into the belief that some urban occupation is to be preferred."

Much Depends on Public School

Dr. Jones contends that altho the private schools, largely supported by Northern contributions and, in some notable instances founded and conducted by white men and women from the south, have done a remarkable work and will for years to come remain an essential part of the movement to develop the negroes in the south, the great burden of providing elementary training for the negro people must rest upon public school systems of the Southern states. And there it must always rest, he adds. In the half century of emancipation, illiteracy among the negroes has been reduced from a per centage of more than 90 to one of about 30. To continue this rapid improvement in a race's condition and thereby to make efficient the manpower thru which the south must develop its vast resources in soil, mines and forests, says Dr. Jones, teachers adequate for the task, both in quantity and in quality, must be produced.

The report emphasizes the great importance to the 22,500,000 southern whites of the conditions among the 8,500,000 negroes who are their neighbors, as well as the profound interest which the whole nation must, as a democracy, take in the problem. At the same time, Dr. Jones points out that without the co-operation of the white south, which is in control of the government, the schools, the social customs, little progress can be made.

"The education of the negroes in the United States," he says, "involveh much more than the instruction of a people fifty years removed from slavery. It involves the adustment of that group to the economic, civic, and spiritual possibilities o fa democracy. Never was greater opportunity for service offered to any nation than that presented by the need of the American negro for an education that will fit him to undertake the responsibilities of life in the twentieth century. Never was there a more searching test of democratic ideals than the present necessity of a wide adjustment of the hopes and aspirations of 10,000,000 black people and the standards and principles of the 90,000,000 white people of the United States.

Tho the movements herein outlined are but slender beginnings, they are deeply significant. They indicate that democracy's plan for the solution of the race problem in the southland is not primarily in the philanthropies and wisdom of the northern people; nor is it in the desires and struggles of the colored people; nor yet in the first hand knowledge and daily contacts of the southern white people. Democracy's plan is in the combination of the best thought and the deepest sympathy and the most abiding faith of these three groups working with mutual faith in one another."

Many New Teachers Annually

Dr. Jones reports there are about 30,000 teachers in negro schools—one teacher to every 65 children. To keep the ranks filled requires 6,000 new teachers each year. At present all the schools providing teacher training are graduating only about 2,500 annually. One half of the present teachers have training which represents less than the first six grades in elementary schools. Dr. Jones urges that every effort be made to increase the number of negro men and women who have been trained to lead the race not only in the school room but in proper home and community living.

"Private funds for education of the negro," says Dr. Jones, "have been given with great liberality, but at best this aid can only be supplementary. The pupils in the private schools constitute only four per cent of the negro children from four to sixteen years of age."

The total number of negro private schools is 625, of which Dr. Jones considers 266 to be important parts of the educational systems of the states. The entire group represents an investment in plant, equipment and endowment of $28,496,946, and an annual income for current expense of $3,026,460.

Of the 625 schools, 118 are independent. According to the report they include the extremes of good and bad management. Hampton and Tuskegee Institutes, together with several smaller schools, stand at the top of the scale, hich descends, thru honestly but inefficiently managed institutions to acutal frauds. Dr. Jones points out that there are many Northern men serving as trustees of southern schools, which they have never visited, and of which they know vrtually nothing.

People are Determined

Negro denominations own and maintain 153 schools, representing an investment of $2,305,054, supported entirely by the churches. Sixty of these are classed as "large or important." Altho there are serious defects in the management, due chiefly to poverty or ignorance, these institutions are considered remarkable evidence of the determination of the people not only to help themselves, but to have a voice in the education of their children. Denominational schools supported by northern churches total 354. Fewer than half of these are classed as important. As a group, the report states, these schools are the most economically conducted of all Southern white churches maintain two schools for negroes.

There are 28 State and Federal institutions of secondary and higher grade, of a property value of $5,727,609. These include 16 land-grant institutions, mechanical and agricultural, maintained jointly by state and federal funds. Their administration, according to the report, has not been satisfactory. Only two or three of them have adequate financial records. The educational work has been left almost entirely to the principals of the schools, who have selected their courses to satisfy the wishes of the negroes, rather than to conform with the purposes of which the Federal appropriations were made.

Of the many institutions for negroes purporting to be colleges and universities, only three approximate the facilities and standards of a university, says Dr. Jones. He urged that upon these—Howard University, Washington, D. C., Fisk University, Nashville, and Meharry Medical College, Nashville—should be concentrated all efforts to develop really first class universities for the negroes of the south. Supplementing these, he would develop certain of the colleges up to college standards, and the rest he would make into Junior colleges, relieving the higher institutions from their present burden of operating academies to prepare students for collegiate work.

SAVE SUGAR IN JELLY MAKING

Simple Alcohol Test Prevents Waste of Sugar and Failure of Jellies.

Washington, D. C., June 18—Much waste of sugar and spoilage of jellies can be avoided by using a simple alcohol test recommended by the Bureau of Chemistry. To determine how much sugar should be used with each kind of juice put a spoonful of juice in a glass and add to it one spoonful of 95 per cent grain alcohol, mixed by shaking the glass gently. Pour slowly from the glass, noting how the pectin—the substance in fruits which makes them jell—is precipitated. If the pectin is precipitated as one lump a cup of sugar may be used for each cup of juice; if in several lumps the proportion of sugar must be reduced to approximately three-fourths the amount of the juice. If the pectin is not in lumps but is merely precipitated, the sugar should be one-half or less of the amount of the juice. If the juice shows no precipitation under this test, it is unsuitable for jelly making and must be combined with apples or other juices rich in pectin.

The housewife will do well before making the test, to taste the juice, as fruits not as acid as good tart apples probably will not make good jelly unless mixed with other fruits which are acid.

SPECIAL RED CROSS DIVIDENDS.

One of the most interesting and unusual developments of the Red Cross campaign to raise $100,000,000 during the week of June 17th, is the action of corporations in declaring special Red Cross dividends. The procedure is to notify shareholders of the declaration of this dividend and to request their permission to turn it into the nation's gigantic humanitarian fund to alleviate suffering among our Allies and to prepare to meet the medical needs of our own men.

H. P. Davison, chairman of the Red Cross War Council, in a letter to Cleveland H. Dodge, chairman of the Council's Finance Committee, points out that this action by corporations is considered by the war council as of the greatest importance. At the same time Mr. Davison urges that there be not the slightest suggestion of coercion in presenting this matter to shareholders.

"While nothing is more important to the work of the Red Cross than the financial support which might come to it through such means," says Mr. Davison, "nothing could be more unfortunate than that the Red Cross should receive from any direction moneys that are grudgingly given, or worse still, given under any suggestion of coercion. We feel that we should emphasize this, as we fear that very ill effects might attend even a successful financial campaign, were it not made clear that all stockholders who are to receive a special dividend should thoroughly understand this position of the Red Cross with regard to contributions of this nature."

A copy of Mr. Davison's letter will be sent to all shareholders by corporations assenting to the plan. This making the position of the Red Cross clear, will, it is thought, remove from the action of the corporations even the remotest suggestion of pressure.

ESTABLISHED SCOLARSHIP FUND.

Ralph I. Dunlap, treasurer of the Illinois College alumni fund received word yesterday of the establishment of a George L. Merrill memorial scholarship fund by members of the class of '88 of which Mr. Merrill was a member.

The fund was obtained largely thru the efforts of Robert C. Frackelton of Cleveland, Ohio, who was also one of the chief contributors. The other contributors are: George H. Wilson, Quincy; Donald C. Catlin, New York City; John E. Kehoe, Chicago; Dr. Joseph R. Harker, Jacksonville; C. C. Terry, Girard; Prof. William E. McElfresh, Williamston, Mass.; H. J. McLaughlin, Doniphan, Neb.; Walter W. Ross, Chicago; Charles A. Wall, East St. Louis, Frank Read, Jr., Devils Lake, N. Dak.

BOSTON TAKES TWO GAMES FROM CHICAGO

CUTS DOWN WHITE SOX LEAD IN AMERICAN RACE

White Sox Lead by Three Runs in Ninth Inning of Afternoon Game But Boston Scores Four Runs On Three Singles, Two Errors and a Passed Ball.

Boston, June 18.—The world's champions cut down Chicago's lead in the American League race today, winning both games of the Bunker Hill day program. The scores were 6 to 4 and 8 to 7. Chicago led by three runs in the ninth inning of the afternoon game but the Red Sox cracked out three singles to take advantage of two errors and a passed ball, scoring four runs and victory.

KEEP THE KIDNEYS WELL

Health Is Worth Saving, and Some Jacksonville People Know How to Save It.

Many Jacksonville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Jacksonville citizen's recommendation.

Martin Sullivan, 207 Allen Ave., Jacksonville, says: "I have used Doan's Kidney Pills and know that they are a good kidney medicine. I took them for backache and disordered kidneys and they gave me good results. I always kep them in the house to use in case of necessity."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sullivan had. Foster-Milburn Co., Props., Buffalo, N. Y.

TO TAKE UP CHARGES TODAY

New York, June 18.—Consideration of the charges brought by President Tener of the National League against Manager McGraw of the New York club was put over until tomorrow at 10 o'clock by the National League officials here today. The decision of Tener inflicting penalties on McGraw because of his fist fight with Umpire Byron in Cincinnati was upheld.

CLEVELAND DOWNS BROOKLYN

Cleveland, O., June 18.—Cleveland Americans defeated the Brooklyn Nationals in an exhibition game here today 7 to 2. Marquard, a Clevelander by birth, pitched here for the first time since an amateur, and was not scored on in three innings.

The score: R. H. E.
Brooklyn ...110 000 000—2 5 1
Cleveland ...000 024 10x—7 12 3

Marquard, Dill, Coombs and Snyder; Boehling and Billings.

VISITORS FROM DENVER.

Edgar N. Green of Denver is here with his wife after a very extended trip. They left home the first of March and have been going ever since. Starting toward the south they took in El Paso, Juarez, New Orleans, St. Petersburg, Florida, where they remained five weeks, then Ceresota, and on down to the east coast, Key West and over to Cuba, where they traveled inland quite a distance, then back to this country where they visited Miami, Florida, Jacksonville, and many places along the way; then on northward to Washington City for a stay of several days and then westward to Indiana where they visited the family of Mrs. Green and then on to Jacksonville, the home of Mr. Green's boyhood.

Mr. Green is a prosperous merchant of Denver and gives a good account of the Jacksonville people there. John Young, Dr. Willard, Mr. Correa who was here not long since, Mr. Vieira, Prof. Bailey and others. He says dry farming is becoming better and better understood in the state with excellent results. Men have been known to pay for land with the first crop cultivated after the dry farming plan. Potatoes, small grain, peas, beans and alfalfa grow well there while sugar beets are also a profitable crop.

Mr. Green speaks very encouraging of the cause of temperance and says prohibition has won its way in Denver. The city itself went wet, many thinking that the absence of liquor would be detrimental to business but the great majority of those people have been converted. The vast amount of money that went into useless and evil drink is now spent for better things and many who voted wat have publicly announced their change of mind.

Mr. and Mrs. Green are looking very well. They expect to be in this vicinity several days visiting friends and relatives.

IMPROVEMENTS AT THE BLIND.

Supt. Montgomery is contemplating some improvements and repair work at the institution this summer during vacation. It is the expectation to erect an addition to the printing office and to do a lot of painting, plastering and other work on the interior of the various buildings. Such a large plant as that inevitably calls for much work and expense merely to keep it in repair.

J. C. Linder of Palmyra made a business trip to the city yesterday.

CUBS DOWN CINCINNATI IN FOURTH INNING RALLY

SCORE ON FOUR HITS AND AN ERROR

Demaree Manages to Keep Hits Well Scattered—Cooper Pitches Airtight Ball and Pirates Blank Cardinals

Cincinnati, O., June 18—Chicago found Toney for four hits in the fourth inning and coupled with an error by Toney himself they were enough to permit them to annex four runs and defeat the locals 4 to 2 here today. Demaree was hit frequently, but managed to keep the hits well scattered.

Score:

Falls City championship tennis tournament opens at Pittsburgh.

PIRATES SELL SCHULTE

Chicago, June 18.—A special to the Journal, says that Frank Schulte former star member of the Championship Chicago club of the National League, has been sold or traded by Pittsburgh to Philadelphia.

TRY IT AND SEE!

Lift your corns or calluses off with fingers! Doesn't hurt a bit!

A noted Cincinnati chemist discovered a new ether compound and called it freezone and it now can be had in tiny bottles as here shown for a few cents from any drug store.

You simply apply a few drops of freezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can just lift it off with the fingers.

No pain, not a bit of soreness, either when applying freezone or afterwards and it doesn't even irritate skin.

Hard corns, soft corns or corns between the toes, also toughened calluses just shrivel up and lift off so easy. It is wonderful! Seems magical. It works like a charm. Genuine freezone has a yellow label. Do not accept any except with the yellow label.—Adv.

Put Your Battery in the Hands of its Friends

It is too vital a part of your car to be handled by *anybody*. It gives you power to crank your engine, the spark that keeps it going, and light at night.

Upon it depends the successful operation of your car.

Bring it in twice a month, and we'll test it—for expert testing is the first rule in battery care.

If you haven't distilled water at hand, we'll fill it.

If it needs repairs or recharging we'll do the work as you'd expect factory-trained experts to do it. And you won't lose the use of your machine the while, for we have a rental battery for your use while we're working on yours.

We're your battery's friend. Our job is to keep it on the job to *your* satisfaction.

For we're the Willard Service Station.

W. Lafayette Ave., Jacksonville, Ill. "Country" Mixed Iron Wanted

MR. AUTO OWNER!

Why throw your old auto tires away when they are good for 2500 to 6500 more miles.

My method of taking two old tires and making one good one is saving thousands of auto owners from 50 to 75 per cent on their bills.

Send me two old tires and I will make one good tire that you can get from 2500 to 6500 more miles out of. In sending me tires be sure one has a good rim no matter how bad the tread is worn. For the other one that has a good tread no matter what condition rim is in.

If You Haven't a Tire with a Good Tread I Can Furnish You One

PRICES FOR DOUBLE TREADING

SIZE	When you furnish both tires	When You Furnish one tire	SIZE	When you furnish both tires	When You Furnish one tire
30 x 3	$2.25	$4.00	35 x 4	$3.25	$6.25
30 x 3½	2.50	4.25	36 x 4	3.50	6.50
31 x 3½	2.50	4.50	34 x 4½	3.50	6.50
32 x 3½	2.75	4.75	35 x 4½	3.75	7.00
34 x 3½	3.00	5.25	36 x 4½	3.75	7.00
32 x 4	3.00	5.50	37 x x4½	4.00	7.50
33 x 4	3.00	5.50	37 x 5	4.00	8.00
34 x 4	3.25	6.00			

Where a tire is blown out an additional charge of 50 cents is made. Patches necessary in a tire, an added charge of 35 cents for each 10 inch patch.

Tires sent to me should be prepaid as I pay no transportation charges either way.

WHEAT QUOTATIONS DROP DECIDEDLY

Estimtaes of Increase in Exportable Surplus Cause Drop—Close is 10¾ to 10½ Cents Net Lower

Chicago, June 18.—Wheat dropped decidedly in value today, influenced to a considerable extent by estimates that North America and Argnetina would have a net increase of 150,000,000 bushels in the exportable surplus this season, as compared with last year. The market closed heavy, 10⅝ to 10½c net lower with July at $2.11⅛ and September at $1.85.
Corn lost 1c to 2⅛c and oats ⅞c to 1⅝c. Provisions finished irregular 7½c off to 30c advance.
The fact that new wheat had reached St. Louis and that harvesting was expected to begin in Kansas within te days or a fortnight seemed to offset a big falling off in the United States visible supply total. Besides, world shipments were large and British stocks were reported to be increasing. Drought reports from Texas and elsewhere southwest together with persistent buying of old crop deliveries for seaboard account led to a transient bulge in the corn market. Favorable weather, however, in the chief producing region led afterward to a reaction in prices especially for the more distant futures.
Oats were swayed by the action of corn. Much interest was taken tho in the announcemnet that for the first time this season the domestic visible supply of oats had fallen below the aggregate for the corresponding time in 1916.
Selling out by recent purchasers of lard and ribs burdened the provision market. Pork nevertheless rose in sympathy with higher quotations on hogs.

MINNEAUOLIS GRAIN MARKET
Minneapolis, Minn., June 18.—Wheat—July $2.25; September $1.75. Cash—No. 1 hard $2.75@$2.83; No. 1 Northern $2.73@$2.78; No. 2 Northern $2.63@$2.68.

STOCKS CONTINUE IRREGULAR COURSE

Reports that Administration Had Forced Drastic Cut in Fabricated Steel Price Causes Lowest Prices in Last Half Hour.

New York, June 18.—With bank reserves at the lowest level of the year and a concurrent six per cent call money rate today's stock market continued its irs to a heavier course. Its lowest prices were established in the last half hour on reports that the administration had forced a drastic cut in prices of fabricated steel for government contracts.
The entire steel group and allied industrials were under pressure from the outset. United States Steel made an extreme decline of 3⅜ points, closing at 125⅜. Bethlehem new shares were more adversely affected, recording a gross reversal of 7½ and munitions were lower two to six points. Shippings sold off in common with the general list and metals, oils, Central Leather, and sugars suffered impairment of 2 to 3 points.
Rails dragged thruout the session, except for temporary advances in Delaware and Hudson ad Norfolk ad Western. Union Pacific, New York Central, Louisville and Nashville and all the coalers yielded 1 to 2½ points, with no appreciable rallies. Total sales amounted the 785,000 shares.
The improvement reported in the Russian situation imparted some firmness to rubles and Russian bonds, but remittances to Rome were increasingly heavy. Sterlig and francs showed no material changs and the resumption of gold imports for British account confirmed recent forecasts. Total sales, par value, aggregated $1,675,000.
United States old issues were unchanged. Full lots of the liberty issue changed hands at par, sold odd lots advancig to 100 5-50.

CHILDREN'S DAY PROGRAMS IN CHURCHES

Exercises Sunday were Interesting for Both Children and Grown Ups.

Children's Day was observed in a number of the churches Sunday. The programs at State Street and Westminster churches were carried out in accordance with the original announcements, large audiences being in attendance. At Westminster church Rev. E. B. Landis presided as Superintendent of the Sunday School W. J. Brady was unable to be present on account of sickness in his family. The program was under the direction of Miss Louise Holmes, superintendent of the primary department, with a corps of assistants. In addition to the program of exercises several children were baptized by Mr. Landis.

The programs at Pisgah Presbyterian church and at Centenary church are given below:

Centenary.

Pupils of Centenary M. E. Sunday school participated in a Children's Day program at the church Sunday morning at the regular church hour. Pupils of the primary department had been trained under the direction of the superintendent, assisted by Miss Hazel Busby. Those in the junior and intermediate departments were in charge of Misses Esther Wetzel and Dorothy Smith.

The Sunday school orchestra had part in the program, rendering a number of selections in an able manner. The church was prettily decorated for the occasion, Mrs. T. H. Buckthorpe having charge of this feature. The exercises as a whole were among the best which have ever been carried out at the church, and much credit is due those who had the work in hand. A collection of good proportions was taken and sent to the Board of Education of the Methodist church. The program numbers follow:

PART I

Processional—Sing Praise.

Invocation—Rev. Pletcher.

Song, Children's Day—Primary department.

Recitation, Welcome One and All—Margaret Neil.

Senreco

REG. U.S. PAT. OFF.

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Appreciations from dentists who have personally proven Senreco. Names on request.

Birmingham, Alabama, Mar. 20, 1917.
I am using Senreco myself. My Gums have improved wonderfully.

Rochester, N. Y., Feb. 7, 1917.
I find Senreco a great help in my work.

Chicago, Ills., Mar. 10, 1917.
I find by twelve months' personal use and from my observation of results obtained from the use of Senreco that soft, spongy gums which fail to respond to other treatments have at once shown marked improvement.

Philadelphia, Pa., Jan. 22, 1917.
Senreco actually improves the condition of the gums by reducing inflamation. I highly recommend it.

Columbus, Ohio, Oct. 20, 1916.
I find Senreco very beneficial.

Chicago, Ills., April 7, 1917.
I am using your excellent tooth paste in my home and the other members of my family have given up their old-time favorites for Senreco.

Buffalo, N. Y., Oct. 18, 1916.
Am well pleased with Senreco—so are my patients.

New York City, Mar. 27, 1917.
Senreco is the best tooth paste in use this day.

Try this remarkable dentifice yourself. Get a tube of Senreco at your druggist's or toilet counter today. Costs only 25c for large 2 oz. tube.

DUTIES OF COUNCIL OF DEFENSE OUTLINED

Many Ignorant of Powers of Body and What It is Trying to Do—Gov. Lowden First to Respond to President's Appeal

Most people of the state know that Illinois has a specially appointed body to safeguard the interests of her own people for the duration of the war. Not so many know just what that body is, what its powers are, or what it seeks to do and is trying to do.

Officially that body is The State Council of Defense, but it is generally known as the Illinois State Council of Defense, to distinguish it from similar bodies in other states. It was established, upon the direct appeal of the President, to work in conjunction with the National Defense Council, and its primary purpose is to aid that body in getting the nation ready for the successful prosecution of the war, conserving the resources of the country and thereby maintaining the power of the nation to carry on the war but lightening its burdens, as far as that may be done. Therefore to stimulate production (particularly of foods for America must feed the world) to prevent waste, to keep down the cost of necessities, to see that more necessities are produced and that they get to those who need them most, to encourage business, to be watchful of the health and well-being of the soldiers and sailors Illinois shall send to the service of the nation, and to co-ordinate all efforts helpful to public welfare, are all things with which the State Council concerns itself.

Has Official Standing

The Council has official standing—the only body of the kind in the State which has. Governor Lowden was the first Governor in the nation to respond to the appeal of the President for such a body, and the Legislature acted promptly. It also gave the Council broad authority to carry out the work for which it was created.

The duties of the Council, as defined in the act of creating it, are:

1—To co-operate with and assist the Council of National Defense.

2—To co-operate with similar bodies in other states.

3—To carry on within Illinois such plans as may be agreed upon between it and the National Council.

4—To recommend laws for the common defense of the public welfare.

For the performance of these duties the Council is given almost plenary powers. It can form advisory committees outside its own membership; appoint boards to make special investigations and make investigations on all matters relating to its duties.

Samuel Insull Chairman

The members of the Council were appointed by Governor Lowden and confirmed by the State Senate. For the chairmanship he elected Samuel Insull who, as President of the Commonwealth Edison Co., met the requirement of the act creating the Council that one of its members should have special knowledge of public utilities. The act required other members to have special knowledge of such matters as labor, industries, development of natural resources, sanitation, transportation and finance, so the Governor named as other members, the following: John H. Walker, president and Victor A. Olander, Secretary of the Illinois State Federation of Labor; J. Ogden Armour, head of the Armour packing industries; Dr. Frank Billings, for eight years head of the State Board of Charities; John A. Spoor, Chairman of the Executive Board of the Chicago Junction Railway Co.; John P. Hopkins, formerly Mayor of Chicago; Levy Mayer, one of the leading lawyers of Chicago; B. F. Harris, of Champaign, banker and farmer; Mrs. Joseph T. Bowen, who has been very active in women's organizations; John H. Harrison, editor of the Commercial-News, of Danville; Fred W. Upham, President of the Consumers Co., of Chicago and Assistant Treasurer of the National Committee; Charles M. Wacker, hear of the Chicago Local Defense; Publicity; Sanitation, Medicine and Health; Survey of Man Power and Women's Organizations. It also has a special committee on Engineering and Inventions, whose members are associate members of the Naval Consulting Board, U. S. A.

The Council holds meetings each Saturday, and the members (all of whom serve without pay) give their time to the state work instead of taking their usual Saturday half-holiday for golf and the like. Chairman Insull and Secretary Hopkins spend the greater part of their time at the office of the Council, while all the members take their duties seriously and give all the time necessary and go wherever asked, at their own expense, to further the work of the Council.

For Tired Women With Aching Heads

"They help me so much and I find relief as soon as I begin taking your Foley Kidney Pills." Mrs. Frank P. Wood, Morrill, Maine, R. F. D. No. 2.

Sometimes it seems as if you can't stand the pain across your back. It is just making your life miserable and robbing you of all energy and strength. When you are constantly tired, head always aching, nerves "on edge," kidney action painful and burning, then is the time to start in at once on Foley Kidney Pills.

They strengthen the weak, ailing kidneys, improve their action, enable them to throw off the poisons that cause your trouble. Your nerves grow peaceful, sleep becomes sounder, nervous headaches disappear. As Mrs. Wood says: "I find relief as soon as I begin to take your Foley Kidney Pills." Be sure you get the genuine Foley Kidney Pills, for they are purely medicinal and contain no harmful drugs.

CITY COUNCIL HAD USUAL WEEKLY MEET

Uneventful Session Held Monday—State Appropriation for Paving Reported

The Monday morning session of the city council was very uneventful After the reading of the minutes department reports were called for. Mayor Rodgers said he had no report to make other than to mention that the appropriations for the state's portion of paving costs adjacent to the school for the blind and the school for the deaf had been provided for by the legislature. Mr. Cox reported a bid of $125 for some repair work on the brook bridge on South Diamond street and $80 for the bridge on Lurton street. This work is greatly needed and will probably be attended to at an early date.

When paving was mentioned Mr. Martin said that the East State street work should by all means extend to the Wabash subway instead of Johnson street. Mr. Cox in the same connection mentioned the desirability of paving Morton avenue and connecting up Hardin avenue with the paved road. Mayor Rodgers said, half in earnest, that it might be possible some time to change the city limits to the railway bridge on Morton avenue and have the state aid road extended to that point and then the city pave from Morton avenue to the bridge.

Mr. Pyatt reported that notices with reference to sidewalks had been sent to all property holders affected by ordinances passed sometime ago. It was stated that the ordinance calling for the election on the proposed bond issue for fire department improvement and payment of the Morrissy shortage will be passed at the first meeting in July. This is the first date that it can be done as the ordinance directing that such an election be held must lie over under the rules for thirty days. Various other matters were discussed informally and the council then adjourned.

WILL HOLD MEETING.

The Woman's club of the U. C. T. will meet Wednesday afternoon at 2:30 o'clock with Mrs. J. E. Rose, 930 West North street. Important meeting, full attendance desired.

Miss Vivian Boston and Miss Leah Leah Cassell returned yesterday from a trip to Decatur, Mt. Auburn and Springfield. The trip was made in Miss Boston's Studebaker six roadster. They had a very enjoyable trip.

"Tanlac's Best Medicine In the World Today," Local Man Declares

"I really think Tanlac is the best medicine in the world today," W. H. Garrison, local carpenter of 333 West College street, said on May 28.

"I had suffered from muscular rheumatism for the past five or six years," Mr. Garrison continued. "It seemed that every muscle in my body would cramp and draw, at times. I couldn't sleep at night because of the pains. I couldn't work only about half the time either.

"Well, I had read in the newspapers about so many of my friends being benefited by Tanlac that finally I decided to try the new medicine. I'm able to work all time now and never experience the former severe pains anymore. My muscles are not the least bit sore now. I've taken a lot of different medicines but none of them ever helped me like Tanlac. I'm glad to tell my friends about this new medicine."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like and has proven a fine reconstructive tonic for weak, run down men and women.

Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public daily. Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bate's; in Chapin at F. P. McKinney's; in Roodhouse at W. D. Berry's and in White Hall at the City Drug store.

International Corn Planters Have a Habit of Pleasing

IF your neighbor owns an **International** corn planter, you don't have to be told that he is satisfied. You know it, and we know it. The **International** corn planter satisfies because it is simple and because it plants corn the way you want it planted. A strong feature is the adjustable runner frame, keeping the runners even and the hoppers level, no matter what the height or speed of your team. This mean accurate dropping and even checking instead of zig zag. It is a very convenient planter under all conditions.

The **International** is the corn planter that deserves to be looked over by every farmer who wants to get the most out of his cornfields. It wastes neither seed nor ground, it handles easily, and it lasts as long as any farmer could ask.

Come in the first time it is convenient and study an **International** planter. Made in five styles—own the style that suits you.
